OFFICE NOTE. 2968

From W.

To I.

Owing to the anticipated completion of all the "completion estimates" in the Godavery delta, it has already been arranged that the Central Delta Dn should cease to exist as such from the end of the current year and be amalgamated with the Western delta Dn —

The difficulty which, it has been felt, has always existed in giving the works in the Vizagapatam and Guicowar Dists the benefit of inspection and supervision on the part of the S.E. Irrigation Circle, combined with the circumstance that all postal work in the Godavery district has come nearly to an end, and that future estimates will fall under the head of maintenance only, has led the

Latitude, and would give a good broad district to the at present arid and unhealthy 3rd Circle. By rail the Kellary District is commanded both from the north as well as the South and is therefore easily accessible from Bellary.

4. I would abolish the Nuthingham Division, and split it up into two Sub Divisions, the northern consisting of that portion lying within the Kellary District, and to be attached to the Kellary Division and the southern consisting of the portion lying within the Chingleput District, to the other Chingleput Division. The present arrangement of S.E. 2nd Circle is objectionable as the distance from the Kistna frontier to the Same by a

5. The other circles will undergo no change - I should be glad to know what you think of these proposals.

6. The area of the three northern circles as reorganised would be as follows, as compared with their present areas -

As proposed -

	Sq. miles.

No. II Godavery, Kistna	9142
No. III Bellary, Cuddapah, Kurnool, Nellore	36099

of Circle with a view to the more convenient working of them.

1. I think Vizagapatam and Ganjam are sufficiently circumstanced to warrant them being formed into a separate Circle - the Rambekulya works, the Ganjam Polpalpiru Canal, the Polichy Ghat, the Vamsadhara Irrigation project, and the proposed extension of the Potnichy Ghat road with the Central Provinces appear to need closer administrative attention than the S.E. Circle at Dowlaishweram can bestow upon them -

2. Looking to the closing of the Godavery Completion Estimate, it appears to me that a Circle should be formed consisting of the Godavery and Kistna Districts with the Guntur Dowlaishweram there is to be no communication with them more than one line, and when the railway is thrown open from Bezwada to Guntur, the Kistna District will be still more accessible to other officers at Dowlaishweram -

3. I would take away Nellore from the present Circle, and attach it to the Fort St George Circle at Madras as it has better
