PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following paper :—

Letter from the Collector of Vizagapatam dated 5th October 1889 No 3040:—

I have the honor to request the early orders of Government on the subject of the Pontoon bridge being placed under the supervision of the Port officer here as suggested in my letter No 1967 dated 4th July last forwarded through the Presidency Port officer. The bridge was in great danger during the late heavy rains (18th September) and had it not been for the timely assistance of the Port officer and the Executive Engineer (who happened to be in Waltair at the time) would probably have been carried out to sea. I am endeavouring with the Wood houses' help to make things secure before the North east Monsoon comes on and would like to get

early

early orders on the subject of my letter.

2. I find that the submerged portion of the iron work has suffered greatly by the neglect of the past two years and if arrangements for its efficient maintenance are not made at an early date the bridge will not last much longer.

Order thereon dt/18th October 1889 No 1390 M. Dis

Recorded with reference to G.O. dated 2nd October 1889 No 1292 M.

2. With reference to para 2 of the collector's letter, a full professional report will be called for in the Public Works department.
