OFFICE OF THE SUPERINTENDING ENGINEER,
6TH CIRCLE.

Camp: Dinnevelly 7th September 1889.

No. 12367.

From Lt. Col. A. C. Smith R.E.
The Superintending Engineer,
6th Circle.

To
The Chief Engineer
P. W. D.

Sir,

With reference to Your Memo: No: 723. D. dated 20th August 1889, asking me to state why a Clerk cannot be sent from the Divisional Office to assist the Sole Divisional Officer of Manamadurai, I have the honor to observe that no clerk from the Divisional Office, which is already overworked can be spared without putting the Office to much inconvenience.

2. I have been always of opinion that a single clerk for a Sole Division Office, especially in the case of important Sole Divisions, is quite inadequate for the work.

I have the honor to be
Sir
Your Most Obedt Servant.

A Smith Lt. Col R.E.
Superintending Engineer.

ENCLOSURES.

No. 723 Dated 20th August 1889

723 D
O. 11/9 3056 C. No: 7508.

Note.

In the accompanying statement sanction is applied for to the entertainment of an additional clerk on Rs 10 per mensem in the Mannargudi Sub Division of the Negapatam Division. It is explained that the office work of the sub-division is so heavy that it cannot be carried on by a single clerk and that there are arrears in the office though the permanent clerk is overworked. The S.E. admits the complaint of the Sub. Divisional officer and strongly recommends that the additional clerk applied for may be sanctioned at once.

The demands for additional clerks to Sub. Divisions in the VI circle are gradually increasing and the sanction accorded to the entertainment of an additional clerk in the Tenkarai Sub Division of the Tinnevelly Division has

3

huj

resulted in all other Sub Divisions in the Circle seeking for the same indulgence. Please also see my note attached to Memo: No: 1573 C dt. 26th March 1889 (marked in blue pencil). As however the S. E. strongly recommends the application, there seems to be no other alternative than to accord sanction.

Submitted for orders.

Trichinopoly North Sub Division
Museri 9th October 1889.

From

M. R. Ry. R. Kaliyanaramier Avergal
Sub Division Officer

To

The Executive Engineer
Trichinopoly Division

Sir

I have the honor to report on the insufficiency of the staff of one Clerk for the satisfactory performance of the official work of this Sub Division, as it at present stands. I am afraid lest I should fail to convince you of the necessity for an additional Clerk.

2. Taking the last two months' work as the criterion, Registers of Receipt and Despatch show, in all, about 1600 numbers, or 800 numbers, on an average, per month. Of these very nearly half had to be copied for despatch, not to mention copies taken of original endorsements, letters, estimates &c.

3. Besides, the preparation of bimonthly accounts, with copies of vouchers, occupies no small amount of time. Bills for works are, as a rule, prepared in

in the Sub Division office on the basis of Outside measurements, duly checked, and compared with Estimates and tender rates, before transferring them to the bills, of which 3 Copies have to be made and checked before payment.

4 I next come the periodical returns such as journals, Progress Reports, Rain and water Registers, besides other Miscellaneous and unlooked for works, for their due share of time and attention. You are not unaware Sir, that a good deal of time is spent in collecting preliminary informations for the due compilation of each return or Statement which should be submitted to your office even if all the records should be kept well arranged and completely much more so in my office where records have been kept in disorder.

5. I may add here, that since I took charge of this Sub Division, in August last, I have been working long after office hours and even to a very late hour in the

night, and I do not think it will be possible for me to devote always the same amount of time without prejudice to the important out door work and health. My Clerk Ramanadha Row has been working very hard also, since my arrival, and has already complained of ill health in consequence. Thus my only regret is, that notwithstanding all these, I was not able to keep down the arrears of work as much as I wished.

6 It would appear that this Sub Div was formed within a year or two ago, and since then, there have been many changes in Officers and Subordinates, and in consequence, large arrears accumulated which one Clerk found impossible to get through, in the midst of his other multifarious duties. Thus, what has been left undone for some time past has now to be done now, and this, in no small degree interferes with due performance of the every day increasing current business which demands his best attention.

2056

7. This Sub Division comprises of 3 Taluqs and a portion of Richmopoly equal in extent to 2400 Square miles — bearing a Ratio of nearly 75 % that of the whole district. There is very little of Railway and the whole distance has to be travelled by land route with great difficulties. Thus much of my time is taken away in touring and inspection of works, which leave but little time to be devoted to current office work on Circuit for which a clerk is found absolutely necessary, it being out of question to take the only Clerk away.

8. In these Circumstances I beg, in the interest of public service, that you will be pleased to accord your sanction for the entertainment of an additional Clerk at least temporarily.

Please to
agree R. Kalyanasamier

Enclosure - 2.

Sir

With reference to para 2 of G.O. dtd 1250 W of 11th inst regarding additional Clerk applied for for the North Sub Division of Richmopoly Division, I have the honor to forward Copy of letter No 1318 of 9th October 1889, from the present Sub Division Officer.

2 From the above letter, it will be observed that the office work of the Sub Division is too heavy for one Clerk and the Executive Engineer Considers that the request of the Sub Div officer for an additional Clerk is reasonable. In this view I fully agree, and Consider that a Clerk on Rs 15 should be sanctioned.

9

3 The Sub Division is extensive and important, there remains a good deal to be done in the way of Estimates and plans; in fact owing to frequent changes of Officers and Subordinates, and inadequacy of the latter, arrears have accumulated. Office work is on the whole too heavy for one Clerk, and an assistant appears absolutely necessary. A proposition statement is therefore submitted herewith for Re- - consideration and favorable orders.

I have the honor to be
Sir
Your most obt Servt
