No. 398. *From Brigadier-General M. C. FARRINGTON, C.B., Adjutant-General, Madras Army, to Brigadier-General A. KENNEY-HERBERT, Secretary to Government, Military Department; dated Ootacamund, 11th August* 1888, *No.* 806-*E* (*Remounts*).

In forwarding herewith accompanying extracts from letters received from the Inspecting Veterinary Surgeon and Officer Commanding 3rd Regiment, Madras Light Cavalry, on the subject of drafting Colonial horses from shipboard direct to Madras Cavalry Regiments, I have the honor, by desire of the Commander-in-Chief, to report, for the information of Government and such action as may be deemed necessary, that His Excellency concurs in the opinion expressed by the Inspecting Veterinary Surgeon, and considers that Colonial remounts for Madras Cavalry Regiments should be treated in the same way as those purchased for British Cavalry and Artillery.

2. I am to add that remounts for the Madras Cavalry arrive from Australia under the same conditions as those for British Cavalry Regiments, and are often distributed to regiments at the end of the cold season, when they are not in a fit condition to encounter exposure to the intense heat of the hot season, the consequence is that the constitutions of many of them are permanently injured.

3. His Excellency is of opinion that a considerable saving in castings and casualties will be secured if the remounts for Madras Cavalry Regiments were acclimatized at Hosúr instead of being sent direct to regiments.

4. If there is not sufficient accommodation at Hosúr, I am to suggest that, in order to protect these horses as much as possible from exposure to the great heat during their first year and until they get acclimatized, cover should be put up at each Madras Cavalry station for about sixty horses.

No. 399. *From Lieutenant-Colonel D. J. S. McLEOD, Deputy Quarter Master General, Madras Army, to Brigadier-General A. KENNEY-HERBERT, Secretary to Government, Military Department; dated Ootacamund, 15th August* 1888, *No.* 2953-*A*.

Forwarded. At the beginning of the hot season of the current year, a shed was erected at Kamptee at a cost of Rs. 500 in communication with the local Administration of the Central Provinces, for the cover of the Colonial remount horses sent direct from boardship to that station for the 4th Light Cavalry.

2. While standing in the open without cover, two of these remount horses died from the effects of the sun; but the erection of the shed has been attended with good results.

No. 400. No. 5807.

Copy of the above, with two enclosures requested to be returned, forwarden to the Secretary to the Government of India, Military Department, for submissiod to the Right Honorable the Governor-General in Council with the expression of the concurrence of this Government in the recommendation of His Excellency the Commander-in-Chief as contained in para. 4 of the Adjutant-General's letter, if it is the intention of the Government of India to continue the experiment of providing low-priced Australian remounts for Madras Cavalry.

2. The attention of the Government of India is invited to the case quoted in the Quarter Master General's memorandum, as illustrative of the good results which immediately followed the provision of temporary shelter for the newly-landed Australian remounts of the 4th Light Cavalry at Kamptee.

In reply to your letter * No. 5807, dated the 27th August 1888, I am directed to state, for the information of the Governor in Council, that the Government of India sanction the erection, at a cost of Rs. 500 each,† of sheds at the four Madras Cavalry stations for the accommodation of about 60 Colonial remounts each.

* Original enclosures herewith returned.

† Total cost Rs. 2,000.

2. The cost, I am to say, should be met from savings under Grant 5 of the current year's budget.

3. I am to add that a revised system of supplying horses for the Madras Cavalry Regiments is under consideration by the Government of India, and that a further communication will hereafter be made on the subject.
