Read the following paper:—

No. 406. From Lieutenant-Colonel E. COLLEN, Secretary to the Government of India, Military Department, to the Chief Commissioner, Burma; dated Fort William, the 10th January 1889, No. 51-M-W.

Accounts.

In continuation of this office telegram, No. 37-M-W, dated 5th January 1889, I am directed to acknowledge the receipt of your letter, No. 7364, dated 16th November 1888, inquiring whether the establishment of the Barrack Department in Upper Burma, which has been taken over by the Public Works Department, is to be paid by that department as a final charge against its grant and considered as part of its staff. You also inquire whether, in the event of the Barrack Department staff being considered as part of the Public Works establishment, the subordinates are to be considered to be on the same footing as regards local and other allowances as Upper and Lower subordinates.

2. In reply, I am to refer you, in the first place, to the decision conveyed in para. 3 of Military Department letter No. 1991-M-W,* dated 17th October 1888, a copy of which was forwarded to you for information. In that letter it is ruled that, pending further orders, no change should be made in the organisation of the establishment or the duties of the Barrack Department, except in Burma, where, however, the changes will only be such as are necessitated by the department of supply being changed. For the present this decision must be adhered to. In accordance with it, the Barrack establishment in Burma will remain a part of the Madras Barrack Department, with no change of the rules regulating their pay and allowances, right to quarters, &c.

3. As regards the question whether the pay of the Barrack Department establishments in Burma is to be borne as a final charge against the Public Works grant of the province, I am to state that it will be a charge against the military grant during the current year. But from 1st April 1889 this expenditure will be a final charge in the Public Works Department, and must be provided for in the budget estimates of Upper and Lower Burma.

4. The amount transferred from the military budget estimates for 1888-89 for furniture should be Rs. 23,510, and not Rs. 23,150, as stated in para. 3 of Military Department No. 2041-M-W, dated 25th October 1888.

No. 51-M-W.

Copy forwarded, in continuation of Military Department No. 2041-M-W, dated 25th October 1888, to the Secretary to the Government of Madras, Military Department.

Accounts.

I am directed to acknowledge the receipt of your letter and telegram noted in the margin to the address of the Secretary to the Government of India in the Public Works Department inquiring whether it is intended by the

2. In reply, I am to state that it is the intention of the Government of India that the charges in question should, in future, be met from the fixed annual allotment of a crore of rupees assigned for Military Works.

3.
