No 19. 326/ West Coast Div. Office
6th January 1888

From

The Executive Engineer
West Coast Division

To

The Sub Divisional Officer,
Vazhtri.

Arrangements should be made for starting the work of Constructing Sub Registrar's Office at Tamradherri in March, funds being allotted next year, As it has been definitely settled that the Office is to be built at Tamradherri where the present Office is now situated.

2. Copies of estimate plans Contract &c. have already been forwarded to the Sub Divisional Officer - vide this Office No. 1665 dated 29th August 1887.

3. As the Contractors earnest money Rs 100 has been refunded to him owing to delay the Contractor should deposit this amount with the Sub Divisional Officer before

Commencing

commencing work and the Contractor had been written to accordingly.

No 44

From,

Col A.T. Fraser R.E.
Ex: Engr West Coast Dn

To,

The Supg. Engineer,
4th Circle,

Sir,

Encl:
1 Copy of letter from Ex: Engr No 19 of 6-1-88 to the S.D.O. Vayitri

I have the honor with reference to Government Proceedings No 66 W of 10th January current, to state that my report as to outlay without grant on the Sub Registrar's office, Taurracherri, had to be made when in South Canara, and all the records were not accessible.

2. It is found though the allotment was surrendered in G.O. No 3192 F. of 23rd November 1887, the work was not then stopped, as a contract had been approved by the Supg. Engineer's No 600 of 3rd August 1887 which the Executive Engineer had no authority of course to cancel.

3

3. In consequence the late Executive Engineer instructed the Assistant Engineer (his No 19, 6 January 1888, copy attested) to start the work in March funds being allotted next year, which was done, and could scarcely under the circumstances have been avoided.

4. The grant had been surrendered because the site was unsettled till the close of the working season.

5. The reason of a fresh entry of the work not appearing in the Budget was presumably due to that having been sent in July long before it was known that any of the work would remain for the following year, and the Final Issue of the Budget was not available till it had already commenced. Besides the former grant had been from the Government Reserve.

I have &c.

(Sd) R. J. Fraser Col RE.
Executive Engineer
Submitted

No. 48 / 326/3
Encl 1

Submitted to the Chief Engineer P.W.D for information.

2. The facts now brought to light exonerate the Executive Engineer from the censure passed on him in G.O. No. 60 W of 10th January 1889.

Hw

HES 4 Feb

To The Government see no reason to modify their order No. 60W d/ 10th January 1889 - The proceeding was most irregular, and it is not understood how the contract could have been completed, when the Collector had requested the postponement of the work, and it was found necessary to surrender the allotment. In any case the matter should have been reported for orders.
