3,000	

3. The sum of Rs. 3,000 * surrendered from the grant for works in the Chidicada estate is resumed and replaced at the disposal of the Court of Wards through the Revenue Department.

4. The explanation given for the large surrenders under Provincial is very unsatisfactory. The Government are disappointed to find that such large sums should be surrendered late in the official year when they cannot, with advantage, be utilised elsewhere. The Superintending Engineer should have taken early steps to scrutinize expenditure on works and to surrender at once such grants as could not possibly be spent.
