Municipal Office,

Local Mangalore, 6th Decemr
1889
CURRENT NO 309 W

From

The Chairman,
Municipal Council,
Mangalore.

To

The Chief Secretary to Government,
Local & Munl Department,
Madras.
(through the Collector of Coimbatore)

Sir,

While dealing with the second request relating to Public Works Department contained in the address presented to H. E. the Governor, dated 15th October 1888, and alluded to in para 3 of the G. O. 2^d March 1889, No 630 W. Public Works, the Government seem to have been under the impression that the building used as the Old Saluk Cutcherry was occupied as such and the same view appears to have been represented by the Superintending Engineer in para 3 of his endorsement embodied in the G. O. I have the honor to point out that the said building was abandoned so far back as 13th August 1885 and the Saluk Cutcherry is since conducted in a rented building.

ing at the Bunder formerly used by the
agency of the Madras Bank at this
Station. A small portion has been of
late (since October 1889) occupied by the
Collectorate Press in consequence of the
portion of the Collector's office being
under repairs but will be vacated shortly.

2. The desirability for a new Municipal School House has been fully advocated by the Municipal Councils in the address aforesaid as well as in previous Communications in the matter and the necessity therefor has been more than once urged by the Educational Authorities on the Consideration of Government. In the interests of our School no suitable site can be had in the heart of the town and the present rented building can no longer be convenient owing to the steady increase in the attendance of the school and the Government will therefore confer undoubtedly a great boon on the Municipality the grant of the Old Taluk Batchermy which will prove a most suitable school house if substantial changes be made in it. In the meantime, I beg to add that if the old building be left in its present abandoned

abandoned state without any, or
being executed as unnecessary, it is
to be exposed to ruin in course of
2/14/51 and in consequence involve serious
Government.

3. I learn that the erection of a new Teluk Butcherry in the vicinity of the local Government College in Cantonment Limits has been decided upon and the only objection to the site of the old one in that account is fore cleared.

11. The favor of early orders
Government is solicited.
