unhealthiness, the difficulty of procuring

The Chief Engineer & Joint Secretary
 to Government P.W.D.

Sir

I beg to bring to your notice that when
 I received G.O. No. 3587 XV. Public Works dated
 17th December 1889, sanctioning, as my salary
 under the Temindar of Ramnad, the pay of
 the grade next above that in which I am for the
 time being, I came to see you for the purpose
 of representing to you that I was not willing to
 serve under the Temindar, unless I was allowed
 the salary of Rs 400 which he had agreed to
 give me. You referred me to the Under Secy.
 who said it was necessary that the Temindar
 should write again to Government to express
 his willingness to give me the salary of Rs 400.
 On my return to Ramnad, I saw the Temindar
 & he instructed me to write him a letter on the
 subject, as he was not disposed to alter his in-
 tentions regarding the amount of my salary,
 although Government had not sanctioned it.
 I accordingly wrote my letter dated 8th March
 1890 (copy of which I enclose herewith). After
 about a month had elapsed, I found that
 the Temindar had not forwarded this letter
 to you, & I wrote to his Shamasi (or Dewan) on
 the 17th ultimo, asking him to let me know when
 it was his intention to forward the letter.

After a further delay, I decided a reply that the Zemindar hesitates to recommence the work now, owing to the deficient revenue of the State this year, consequent on the badness of the season. I have therefore decided on writing to you direct in the matter, and would appear that the Zemindar is taking advantage of this opportunity to withdraw from his obligation to me.

2. Besides the inconveniences & difficulties stated in my letter of the 8th March aforementioned, from the opportunities I had had of knowing the character of the people with whom I had to deal, I had reason to anticipate much that would be unpleasant to me in my dealings with them. I was not therefore willing to serve in this Zemindari for a less salary than that agreed upon between the Zemindar & myself. The experience I have since had of the Zemindari has only confirmed my fears on this point, so that now I am not even willing to serve for Rs 400, unless a more systematic & satisfactory method of conducting business is introduced. I should also mention that by serving in the Zemindari my promotion in the P.W. Department will be retarded, & my pension, when I retire, be seriously affected in consequence. If I had not had every hope of getting the salary of Rs 400, from G.O. No 3024, XV Public Works, dated 28th October 1889 (which does not make mention of the unwillingness of Government to sanction or recommend it) & from the correspondence quoted with it, I would not have consented to serve in the Zemindari.

* I drew this salary of Rs 400 from the Zemindar for 4 months, & this was afterwards recovered from me after the receipt of the G.O.

1454
3. Under the circumstances, if you will kindly move the Government either to sanction the salary of Rs 400, or to allow me to return to Government service at an early date - the salary of Rs 400 being paid to me up to that date, as the Zemindar had agreed to give it to me, & as it was only on the understanding that I would receive it, that I was willing to serve under him. * I am now getting only Rs 20 more than I did in the Government service, as I then drew Rs 30 as Subdivision allowance in addition to my salary of Rs 200.
4. I do not think it will be out of place to mention here, that I have suffered a loss of more than Rs 400 in this Zemindari, through the burning of my property in the house in which I lived. In connection with this, Government, in G.O. No 3149 W of the 5th November 1889, has decided that the rules on the subject precluded the grant of compensation for my loss, although the circumstances under which my house was burnt (which were mentioned at the time) were not ordinary.

I beg to remain, Sir
Your most obedient servant
