21st OCTOBER 1889, No. 1410 M., LOCAL AND MUNICIPAL.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

ORDER—dated 21st October 1889, No. 1410 M., Local and Municipal.

A case having come to notice in which the Chairman of a Municipal Council thought himself entitled to pass estimates for public works on his own authority, the Government deems it desirable to make it clear, by the issue of a rule similar to section 35 of the Local Fund rules, that estimates must be sanctioned by the Council. Advantage will be taken of this opportunity to embody in a formal rule the instructions already issued in G.O., dated 14th July 1885, No. 283 M., as to approval by the Superintending Engineer of the circle of plans and estimates for municipal works costing more than Rs. 1,000.

2. The following draft rules, framed under section 250 (i) (M) of the District Municipalities Act, are accordingly published for information under section 256 (i). Any objections or suggestions which may be made in respect thereof by any persons interested therein should be submitted before the 1st December 1889:—

RULES.

1. The selection of works rests with Municipal Councils. All estimates must be countersigned by the Chairman of the Municipal Council and laid before the Council for sanction. A copy of the resolution of the Council passed thereon should accompany all estimates needing the approval of the Superintending Engineer.

Except in cases of special urgency—

- (a) No new work can be commenced until the plan and estimates have been passed, and an allotment made, by the proper authority; and the amount of the allotment granted must in no case be exceeded without proper sanction.
- (b) No repair work can be commenced until the necessary funds have been allotted by competent authority.

Unavoidable expense in investigating any project and in preparing survey plans and estimates may be incurred on the authority of the Chairman when the project has been sanctioned.

2. The approval of the Superintending Engineer of the Public Works Circle, within whose range of superintendence the Municipality is situated, must be obtained to plans and estimates of all buildings, bridges and drainage and water-supply works, costing more than Rs. 1,000 each, proposed to be undertaken by Municipal Councils.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper :—

No. 5200 C.

MEMORANDUM.

With reference to G.O., dated 21st October 1889, No. 1410 M., the undersigned is directed to suggest, for consideration in the Local and Municipal Department, whether Municipalities should not be called upon to pay a contribution to Provincial funds for the professional scrutiny of plans and estimates, in the same way as District Boards are required to do: vide G.O., No. 1137 W., dated 29th April 1889.

MADRAS, (Signed) W. L. C. BADDELEY, Captain, R.E.,
8th November 1889. Under Secy. to Govt., P.W.D.

To the Local and Municipal Department.

ORDER—dated 14th December 1889, No. 1704 M., Local and Municipal.

His Excellency the Governor in Council considers that Municipal Councils should pay a percentage contribution to Provincial funds on the estimates for Municipal works scrutinized by officers of the Public Works Department, in the same way as Local Boards do in the case of Local Fund works. As the estimates requiring such scrutiny will be very few, the charge on Municipal funds will be light and it will be in direct proportion to the benefit in each case.

2. The rules which are now in force for the levy of this contribution from Local funds, and which are printed as an appendix to this order, will in future apply to Municipalities also.

APPENDIX.

RULES.

I. The percentage charged for the examination of estimates shall be $2\frac{1}{2}$ per cent. It shall be struck as follows:—

- (a) *Original Estimates*, or those examined for the first time, on the amount of the estimates as submitted to the Superintending Engineer.
- (b) *Revised Estimates*.—There shall be no fresh charge when the alteration is due to change of quantities or rates and not of design. In other cases, the full percentage shall be charged on the amount of items altered, as appearing in the revised estimate submitted to the Superintending Engineer.

II. The charge shall be made and recovered on the completion of the examination, irrespective of subsequent disposal of the estimate.

III. A note, showing particulars of the estimate examined and of the charge to be recovered, shall be sent by the Superintending Engineer to the Examiner, Public Works Accounts, who will furnish a consolidated return quarterly to the Secretary to Government, Public Works Department, Buildings and Roads Branch, for transmission to the Local and Municipal Department and recovery of the amount due.

IV. No charge for scrutiny of estimates is to be made when Local Funds pay the ordinary percentage for establishment, &c., for works executed by the Public Works Department.
