GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers:—

From C. D. MACLEANE, Esq., Collector and President, District Board, Nellore, to the Chief Secretary to Government, dated Nellore, 25th January 1890, No. 43-D.B.

I have the honor to submit, herewith, the revised regular estimate for 1889-90, and the proposed consolidated budget estimates for 1890-91.

REVISED REGULAR ESTIMATE.

2. *Receipts.*—The receipts according to this estimate are anticipated to be as follows:—

3. *Balance.*—The opening balance of 1889-90, as advised by the Accountant-General in his results statement, has been adopted. The increase of Rs. 10,962 in the actuals of 1888-89 over the regular estimate of that year is the net result of the changes mentioned in margin. Short receipts were mainly under "Land-cess" and "Provincial contribution" on account of education. The decrease of Rs. 10,418 in the former case is due to certain arrears having remained uncollected in the Gúdúr and Nellore taluks. Processes were issued under Act II of 1864, and the greater part of the arrears were collected subsequent to the close of the year. The decrease of Rs. 1,071 in the latter case is due to the fact that grants were refused to the Venkatagiri Middle school until a competent F.A. or B.A. might be appointed and to the assistant master of the Kávali Middle school until he obtained a certificate in the Madras Teachers' College. Short expenditure is large under Grants I, II and III, and only Rs. 97 under Grant IV. The decrease of Rs. 11,211 below the regular estimate in the first case is the result of (1) late receipt of bills from some Overseers which could not in consequence be adjusted before the close of the year, (2) non-inspection of work done, and low rates. It is further attributable to the fact that payments could not be made in some cases on account of the avenue trees not having attained the requisite height. The decrease of Rs. 1,758 in the second case is chiefly due to the closure of certain Result schools and to the savings under Normal stipends due to the inability of the Deputy Inspectors to secure full complements to the two Normal schools in the district. The decrease of Rs. 3,401 in the third case is the result of accumulated savings chiefly under "Medicines and Surgical instruments," "Vaccination," and "Sanitation." Vaccinators could not earn the full pay and travelling allowances on account of cases of short work or no work respectively. In the case of sanitation, some of the works for which the amount has been allotted were incomplete at the end of the year, so that final payments could not be made. The decrease of Rs. 97 under Grant IV is the result of short expenditure under "Local Boards establishment" due to the late entertainment of office establishments in some unions and excess expenditure under "Contingencies," "Printing work at the Government Press," and "Pensions." The opening balance of 1888-89, as advised by the Accountant-General, was larger than the closing balance as worked out in this office in the report of 1887-88 by Rs. 2,110. There were no applications for allotments from the reserve of Rs. 5,000.

	Rs.
— Short receipts	12,615
+ Short expenditure in grants ..	16,467
+ Reserve unspent	5,000
+ Excess actual opening balance ..	2,110

4. 1. (*a*) *Cess on land.*—The difference is due to the bad season in the current year then anticipated and since confirmed, and the revised kistbundy sanctioned in G.O., No. 1003, dated 19th December 1889, under which two instalments of 4 annas each in the Kandukúr taluk, and one instalment of the remaining taluks were pushed forward to 1890-91.

5. (*c*) *House-tax.*—The sanction of Government for the levy of house-tax in the unions having been received only on 22nd February and 8th April 1889 for Atmakúr and other Taluk Boards respectively, no credit was taken under this head at the time of the preparation of the current year's budget. Hence increase.

6. 2. (*a*) *School-fees.*—The small decrease in the school-fees is due to the falling off in the numerical strength of some schools under the Nellore Taluk Board.

7. (*e*) *Miscellaneous.*—This being an uncertain item no estimate was made under it. The regular estimate includes the following amounts:—

	Rs.	A.	P.
(1) Refunds on account of the non-utilization of the advance made for the purchase of some elementary books ..	146	8	0
(2) Amount refunded by the Headmaster of the Ongole Normal school out of the sum sanctioned and given for test maps.	1	8	0
(3) Sale-proceeds of old clocks	2	6	0
Total ..	150	6	0

8. 3. (*e*) *Miscellaneous.*—The regular estimate under this head comprises the following details:—

	Rs.	A.	P.
(1) Recovery of excesses paid to the Hospital Assistants of Darsi and Addanki	4	6	0
(2) Recovery of excess payment made to the Ongole Municipality in December 1888	170	0	0
(3) Other miscellaneous refunds, &c.	29	10	5
Total ..	204	0	5

9. 5. *Miscellaneous*—(*b*) *Choultry rents.*—The large increase in the regular estimate under this head over the budget estimate of the current year is due to the recent instructions of Government to show the receipts from the endowed choultries under this head instead of under "Rents and produce of land" as heretofore. The income from the inams attached to the endowments of Motupallivari choultry and Velagapoody choultry account for the large share of difference. In future greater credit will be taken under this item.

10. (*c*) *Market rents.*—As there are no markets in the district, no estimate was provided in the budget. The regular budget figure is, however, the amount collected during the late festival at Singarayakonda.

11. (*d*) *Bungalow fees.*—The variation in this case from the budget estimate is due to the opening of the Nellore-Cuddapah State Railway.

12. (*e*) *Fees and Fines.*—The difference is due to the more rigorous enforcement of the Police Act. As the actuals of the first six months of the year come up to Rs. 235, it is expected that Rs. 135 more will be collected under this item in the next six months.

13. (*i*) *Rents and produce of land.*—This is the amount expected to be realized from the inam attached to Linguguntacheroovoo. The figure of the last six months of 1888-89 suggests that as much as Rs. 50 can be realized during the year.

14. (*l*) *Sundry receipts.*—This is an uncertain item, and no proper estimate is possible.

15. 6. (*b*) *Sale of tools and plant.*—The above reason applies to this equally. The variation is, however, due to the disposal of some unserviceable tools.

16. 7. (*a*) *Education.*—The revised figure under this head has been adopted with reference to the taluk budgets, as the original estimate is found somewhat too high.

17. *Refunds.*—This was the amount refunded from Provincial funds on account of one-fourth contribution of the Hospital Assistants of the Nellore and Náyudupet Taluk Boards, as double payments had been made to the Provincial funds at first.

18. *Expenditure.*—Expenditure as per regular estimate of the current year is apportioned as follows among the four grants and reserve as compared with budget estimate of the same year:—

	Budget of 1889-90 with subsequent allotments. Rs.	Regular estimate of subsequent allotments. Rs.
Grant I	3,10,209	2,89,107
,, II	45,969	39,567
,, III	49,581	45,476
,, IV	16,665	16,090
Reserve	..	2,676
Total ..	4,22,424	3,92,916

19. *Grant I*—(*a*) *New Works*—(1) *Communications.*—The shorter expenditure under this item, as compared with the allotments, is mainly due to the following reasons:—

(1) Of the amount allotted for the construction of 56—60 miles of the Kottapatam-Cumbum road, only Rs. 2,000 can be utilized on account of the difficulty in the execution of work on the ghât.

(2) The land being submerged in water in some cases, work cannot be executed.

(3) Estimates are not ready in others, though levels are being taken more rapidly.

20. (2) *Civil buildings.*—The variation in this case is due to the construction of the Allúr and Butchireddipalem schools having been proposed by the Nellore Taluk Board to be surrendered, at the suggestion of the educational officers, and to the site of the Muttukur choultry having been proposed to be removed to Mypaud at the suggestion of the Buckingham Canal Committee.

21. (3) *Miscellaneous public improvements.*—The large variation under this item is due to the surrender of the (1) construction of Mungamoor pond, and (2) Gúdúr water-supply scheme. The cause in the former case is that that work has been crowded out by other works, which are numerous this year. The cause in the latter case is difference of opinion on the merits of the scheme.

22. (*b*) *Repairs*—(1) *Communications.*—The expenditure proposed under the regular estimate exceeds that of the current year's budget estimate, as it is proposed to utilize a part of the savings effected, as above shown, on special repairs of the most important works which have been ascertained to be such during the Engineer's late tours of inspection.

23. (2) *Civil buildings.*—The same remark applies for the small deviation under this head from the sanctioned allotments.

24. (*c*) (2) *Local Fund Engineering establishment.*—The falling off in the revised estimate under this head is due to the circumstance that Government sanctioned the temporary establishment for only six months.

25. (*f*) (3) *Contribution to Municipalities.*—The increase of Rs. 2,000 in the regular estimate is due to a contribution of Rs. 2,000 having to be paid towards the construction of a hospital at Ongole as per G.O., No. 341 M., dated 26th March 1889.

26. *Grant II.*—The decrease of Rs. 6,402 in the regular estimate of 1889-90 below the total allotments is attributed to the following causes:—

(1) The full complement in the stipendiary students of Normal schools will not continue the same throughout the year. There will thus be savings in their pay. There will be further savings on account of absence on leave on loss of full pay.

(2) The amount of Rs. 1,000 added by Government for the opening of more schools cannot be fully utilized as most of them have to be opened hereafter, the proposals from the Inspecting officers having come late.

(3) The reduction of Butchireddipalem school to the salary result system has resulted in the dispensing with the services of one of the masters on Rs. 20. Hence there will be savings both for the reduction of this school and for the removal of one teacher.

(4) No expenditure is shown under school-fees, as, according to the custom obtaining in the district hitherto among the Salary-result schools, the schoolmasters appropriate, either wholly or in part, the school-fees collected by them and only credit the remaining portion, where any, into the treasury though this is to be altered.

(5) The closure of certain Result schools accounts for the savings of about Rs. 1,500 under "Results grants."

(6) There will be large savings under "Building grants" as Rs. 300 are enough for the purpose during the year.

27. *Grant III.*—The regular estimate under Grant III is Rs. 45,476 against budget allotment of Rs. 49,581. The large decrease in the revised estimate is accounted for as follows:—

(1) Reserve Hospital Assistant on Rs. 15 has not been entertained during the year as the local supply of men has been short.

3
1491

(2) Gúdúr Hospital Assistant originally paid Rs. 35 per mensem is now paid Rs. 20 as the former incumbent who had earned increments has quitted the service of the Board.

(3) There will be savings of about 1,000 under "Medicines and Surgical instruments" as the actuals of last year indicate.

(4) The Addanki midwife centre was closed temporarily.

(5) There will probably be a saving of Rs. 300 under cholera charges as Rs. 380 are enough during the year.

(6) There will be large savings under the salaries and travelling allowances of vaccinators as, although actual salaries are entered in budget, yet one anna per unsuccessful case below the minimum is deducted from pay, and no travelling allowance is paid for days on which no work is turned out by them.

(7) Rs. 184, provided in the budget as a contribution to the American Mission hospital at Ramapatam, cannot be utilized as the arrangement with the missionaries fell through.

(8) Other causes which have been fully explained in the remark column of the revised estimate.

28. *Grant IV.*—The regular estimate under this grant is Rs. 16,090 against budget allotment of Rs. 16,665, and the small variation is attributable to the savings under Local Boards establishment due to the late entertainment of karnams and bill-collectors in some unions and other miscellaneous causes explained in the revised estimate.

29. A sum of Rs. 2,676 has been retained under reserve for unforeseen charges.

30. Deducting the total expenditure of Rs. 3,92,916 from the gross receipts of Rs. 4,37,252, there remains a balance of Rs. 44,336. Deducting from this the balance under endowments of Rs. 3,512, there remains a net balance of Rs. 40,824, which is the opening balance of the budget for 1890-91. The balance is unusually large, the finance of the current year having been disorganized by the large amount thrown in the change in kistbundy occurring at beginning of 1889.

BUDGET ESTIMATE OF 1890-91.

A—Receipts.

31. Receipts according to the budget estimate of the ensuing year are the following:—

		Rs.
	Opening balance	40,824
1. (*a*)	Cess on land	2,29,193
(*b*)	Tolls { Under Act V of 1884	7,580
	Tolls { Contribution from Municipalities	2,500
(*c*)	House-tax	8,200
2.	Education—	
(*a*)	School-fees	7,473
(*c*)	Sale-proceeds of books	400
4. (*b*)	Interest on arrears of revenue	10
5. (*b*)	Choultry rents	2,000
(*d*)	Bungalow fees	450
(*e*)	Fees and fines	650
(*h*)	Fishery rents	3,000
	Do. by Public Works officers	800
(*i*)	Rents and produce of land	50
(*j*)	(1) Avenues by Local Fund Engineer	100
6.	Public Works—	
(*e*)	Refunds of expenditure	300
(*f*)	Miscellaneous	100
7.	Contributions from Provincial funds—	
(*a*)	Education	5,230
	Total	3,08,860

32. *Balance.*—The balance is the surplus left in the regular estimate of the current year.

33. 1. (*a*) *Cess on land.*—The following figures denote the demand under balance and current of the year 1890-91 :—

	Rs.
Balance	25,369
Current	2,30,564
Total ..	2,55,933

The budget is framed on the supposition that Rs. 2,29,193 or 89·6 of the total demand both arrear and current will be collected.

34. 1. (*c*) *House-tax.*—The cause of increase from the revised estimate of the current year is that the levy of house-tax was commenced in the current year late, whereas it is to be levied from the beginning of the next year.

35. 2. *Education*—(*a*) *School-fees.*—The large increase in the estimate of 1890-91 is due to the fact that the salary-result schoolmasters in the district have been in the habit of appropriating the whole or part of the fee collections in liquidation of their own dues without regularly bringing them to account, and crediting the surplus only into the treasuries, whereas they have, according to the recent instructions of Government, to credit the whole fee collections into the treasury, and obtain their share by actual payment from the treasury.

36. 5. *Miscellaneous*—(*b*) *Choultry rents.*—Experience shows that as much as Rs. 2,000 can be realized under this head which includes both the "Choultry rents" properly so-called, and the income derivable from the inams attached to the endowed choultries of the district.

37. (*e*) *Fees and Fines.*—This item includes Rs. 350, the anticipated fee collections under Police Act, and Rs. 300, the fees expected to be levied on the erection of pandals, &c., in the union and other villages.

38. (*h*) *Fishery rents by Public Works Officers.*—The budget figure under this item has been adopted with reference to the actuals of 1888-89. Hence the deviation from the regular estimate.

39. 7. *Contributions from Provincial Funds*—(*a*) *Education.*—The budget figure is higher than the regular estimate as more Salary-result schools will be opened during the next year. This figure has been worked out in statement IV-A.

B.—Expenditure.

40. *Grant I.*—The estimated expenditure under Grant I is as follows :—

	Rs.
(*a*) New works—	
(1) Communications	32,970
(2) Civil buildings	2,000
(3) Miscellaneous public improvements	16,070
(*b*) Repairs—	
(1) Communications	92,270
(2) Civil buildings	1,580
(3) Miscellaneous public improvements	520
(*c*) Establishment—	
(1) Public Works Department supervision	92
(2) Local Fund Engineering establishment	26,694
(*d*) Tools and plant	1,000
(*e*) Contingencies	2,000
Total ..	1,75,196

41. Details of expenditure under Grant I (*a*) are given in statement III-A, and those under Grant I (*b*) are given in statement III-B.

42. (*a*) *New works*—(1) *Communications.*—The most important works under this head are (1) constructing Kodavalur-Butchireddipalem road, (2) Indakurpet, branch road, (3) Nellore-Kódúr road, (4) Náyudupet-Venkatagiri road, (5) metalling Náyudupet-Venkatagiri road, and (6) constructing bridge over Venkatagiri river. As estimates for all the works are ready or almost ready in all cases, it is hoped that these works will be put through next year.

43. (*b*) (2) *Civil buildings.*—The only new civil buildings proposed for next year are (1) a choultry at Mypaud basin, and (2) a choultry at Pentchelakona. The estimate for next year is only Rs. 2,000 against an estimate of Rs. 6,249 of last year as the construction of school-house at Allúr and Butchireddipalem has been given up at the suggestion of the educational authorities, and as only works which are ready to be taken up have been included.

44. (3) *Miscellaneous public improvements.*—The proposed expenditure under this item is Rs. 16,070 against Rs. 15,480 of last year. As per remarks of Government on the last administration report, an increased provision of about Rs. 8,000 has been made for planting avenues. Of the other items the most important are (1) Gúdúr water-supply, for which Rs. 4,000 have been provided, and (2) constructing pond at Mungamoor.

45. (*b*) *Repairs*—(1) *Communications.*—The proposed budget estimate under this as well as under "Civil Buildings—Repairs" and "Miscellaneous public improvements—Repairs" has been drawn up on the basis of the current year with scarcely any variation.

46. (*c*) (1) *Public Works Department supervision.*—The actuals of 1888-89 have been adopted under this head.

47. (2) *Local Fund Engineering establishment.*—The proposed estimate under this head is Rs. 26,786 against Rs. 24,828 of the current year; and the variation is due to the increments that will have to be paid in some cases, next year, and to the appointment of a head-clerk and manager on Rs. 60. The total cost of the engineering establishment has been kept within the prescribed limit of 20 per cent., being only 18·4 per cent. on the proposed outlay on works.

48. (*d* and *e*) *Tools and plant and Contingencies.*—The figures of the current year have been adopted for the next year :—

49. *Grant II, Education*—

	Rs.
(*a*) Inspection	2,925
(*b*) Normal school—	
(1) Salaries of masters	2,986
(2) Stipends of students	4,128
(3) Clerks and servants	204
(4) Miscellaneous	837
(*c*) Secondary schools—	
(1) Salaries of masters	4,626
(2) Clerks and servants	156
(3) Miscellaneous	552
(*d*) Elementary schools—	
(i) Salary system—	
(1) Salaries of masters	5,364
(2) Servants	135
(3) Miscellaneous	593
(ii) Salary-result system—	
(1) Salaries { Fixed	9,480
(1) Salaries { School-fees	3,127
(1) Salaries { Results	4,381
Stipends of students	216
(2) Clerks and servants	213
(3) Miscellaneous	778
(*e*) Grant-in-aid—	
(2) Results grants	6,500
(3) Buildings	1,000

		Rs.
(*f*) Contributions to—		
(3) Municipalities	.. ..	1,100
(4) Private individuals	.. ..	..
(*g*) Miscellaneous—		
(1) Purchase of books	.. ..	500
(2) Commission on sale of books	.. ..	60
	Total ..	49,861

50. (*b*) *Normal Schools*—(1) *Salaries of Masters.*—The increase of Rs. 520 in the budget estimate of 1890-91 over the regular and budget estimates of the current year is due to the proposal to raise the status of the Nellore Normal school by opening a class for training teachers to the Primary Higher grade, for which purpose a teacher on Rs. 30 has been proposed to be appointed. It is also proposed to entertain a gymnastic instructor in the Ongole Normal school, for which a teacher on Rs 15 has to be appointed. Further, a pensionary contribution of Rs. 100 has to be paid for the head master of the Nellore Normal school, as per terms of G.O., No. 2802 L., dated 29th November 1889. These papers are before the Board and the necessary proposals will go in due course.

51. (2) *Stipends of Students.*—A provision of 6 stipends at Rs. 8 each has been made in the proposed budget for students that go up for Primary Higher grade. Hence the deviation from the current year's estimates.

52. (3) *Clerks and Servants.*—The increase is due to the entertainment of a water Brahmin on Rs. 5 in the Nellore Normal school sanctioned by Government in the course of the current year (*vide* G.O., dated 16th May 1889, No. 1104 L.).

53. (4) *Miscellaneous.*—The variation from the regulur estimate is shown below in detail :—

	Present budget.	Proposed budget.
	Rs.	Rs.
Furniture	200	100
Maps, &c.	50	35
Contingencies, &c.	254	312
Rents	240	240
Gymnastic apparatus	..	150
Total ..	744	837

The chief variations occur under gymnastic apparatus and contingencies, the former of which is intended for the Ongole Normal school, and the increased provision in the latter case is the result of instituting an additional class in the Nellore Normal school.

54. (*c*) *Secondary Schools*—(*i*) *Salaries of Masters.*—The variation from the regular estimate is trifling and calls for no remarks. The variation from the budget estimate of current year is the result of the following innovations, some of which have been sanctioned and others will be proposed hereafter for Government sanction :—

(1) Increase of Rs. 5 in the pay of the head master of the Kávali Middle school already sanctioned.
(2) Gymnastic instructor in the Gúdúr Middle school already sanctioned.
(3) The proposed abolition of the 5th master's place in the Kandukúr Middle school.
(4) The increase of pay to the head and 4th masters of the same school by Rs. 5 and 2, respectively.

55. (2) *Clerks and Servants.*—The Nellore Taluk Board propose to raise the pay of the servant of Gúdúr school from Rs. 2 to 4, and the proposal will hereafter go before Government. Hence the difference.

56. (3) *Miscellaneous.*—The difference of Rs. 130 between the budget estimates of the present and proposed years is worked out below :—

	Present.	Proposed.
	Rs.	Rs.
(1) Furniture	246	200
(2) Maps, &c.	80	256
(3) Contingencies	96	96
Total ..	422	552

57. (*d*) *Elementary Schools, Salary System*—(*i*) *Salaries of Masters.*—The reduction of Butchireddipalem school to the salary result system accounts for the decrease in the next year's estimate.

58. (2) *Clerks and Servants.*—In spite of the reduction of the Butchireddipalem school, the increases of pay of ½ rupee to each of the sweepers of the Addanki and Udayagiri schools and ¼ rupee to the sweeper of the Juvvaladinne school approximate the present and future year's estimates under this item.

59. (3) *Miscellaneous.*—The following are the details for the present and future year's estimates :—

	Present budget.	Future budget.
	Rs.	Rs.
(1) Rents	312	351
(2) Furniture	172	20
(3) Maps and books	105	6
(4) Miscellaneous	240	216
Total ..	829	593

The reduction of Butchireddipalem school to the lower grade and the increased provision of Rs. 24 for house-rent of the Podili school are among the reasons for the decrease.

60. (*ii*) *Salary Result System*—(*i*) *Salaries of Masters, fixed.*—The large increase over the revised and budget estimates of the current year is due to the fact that 43 more schools have to be opened during the next year than those already sanctioned. Sanction for starting 40 more schools was accorded in G.O., dated 14th December 1889, No. 2918, Local and Municipal, and a proposition statement will follow for opening three more schools. The reduction of Butchireddipalem school contributes a share for the difference.

61. (*ii*) *School-fees.*—Instructions are about to issue to the Taluk Boards and the Inspecting officers to see that all the school-fee collections are properly credited into the treasury and that regular payments are made from them to the teachers. Hence the increased provision under this item.

62. (*iii*) *Results.*—The figure actually worked out in Statement IV-A comes up to Rs. 4,381. The large increase is attributed to the opening of more schools under this system.

63. *Stipends of Students.*—This is a new item in the budget and is due to the opening of a carpentry class at Náyudupet in the middle of this year. A provision of 9 stipends at Rs. 2 each has been made under it.

64. (2) *Clerks and Servants.*—The increase over the regular estimate is due to the (1) pay of a matron to the Rápúr Muhammadan Girls' school at Rs. 2 and (2) to the pay of the servant attached to the carpentry school at Náyudupet at Rs. 2.

65. (3) *Miscellaneous.*—The variation from the revised estimate is the result of a diminished provision under "Furniture" and "Maps and Books" in spite of the increased provision under contingent and house-rent charges.

66. (*c*) *Grants-in-aid*—(2) *Results Grants.*—The figure of the revised estimate has been adopted for next year, being found quite sufficient.

67. (3) *Building Grants.*—As provision under this head is new in this district, the regular estimate could not be higher than what it is; Rs. 1,000 are, however, necessary for the next year.

68. Other items remain the same as before.

69. *Grant III.*—The expenditure under Grant III is estimated as follows:—

		RS.
(*a*)	(2) Medical subordinates	4,206
	(3) Clerks and servants	1,200
	(6) Medicines and surgical instruments	3,700
	(7) Midwives, &c.	1,164
	(8) Medical pupils and Medical schools	2,900
	(10) District Surgeon's establishment including travelling allowances	718
	(11) Cholera charges	450
	(12) Contingencies	480
	(13) Miscellaneous	954
(*b*)	Vaccination—	
	(1) Fixed charges	6,564
	(2) Contingencies	3,596
(*c*)	Sanitation—	
	(1) Improvement of water-supply	4,000
	(2) Improvement of village-site	2,700
	(3) Scavengering establishment	4,940
	(4) Arrangements at fairs and festivals	440
	(5) Other sanitary outlay	1,600
(*e*)	Choultries—	
	(1) Establishment	570
	(3) Contingencies	240
(*f*)	Public Bungalows	1,000
(*g*)	(i) Contributions to Provincial Services—	
	(2) Sanitary inspection	806
	(4) Cutlers' establishment	14
	(ii) Municipalities	120
(*h*)	Miscellaneous—	
	(3) Miscellaneous	700
	Total	50,312

70. (*a*) 2. *Medical Subordinates.*—The late Hospital Assistant at Gúdúr was being paid Rs. 35, being the increment given him according to the examination rules. The present Hospital Assistant will be paid only Rs. 20. Hence decrease in the next year's estimate below that of the current year.

71. (3) *Clerks and Servants.*—The District Surgeon and the Presidents of Taluk Boards propose to raise the pay of the servants attached to the medical centres from Rs. 3 to Rs. 5 as they have to do as important work as those attached to dispensaries. The necessary proposals have been forwarded by the Presidents and will be submitted after check. They are allowed for in the budget.

72. (6) *Medicines and Surgical Instruments.*—The current year's budget figure has been adopted for next year.

73. (7) *Midwives.*—The increase of Rs. 84 in the budget figure of the next year over the regular estimate is due to the opening of a midwife centre at Muttukúr, and the increase of Re. 1 in the pay of each of the midwives of Atmakúr and Kávali.

74. (8) *Medical Pupils and Medical School.*—A provision of Rs. 44 is made for travelling allowance of the medical students when they go up to Madras for examination next year.

75. (10) *District Surgeon's Establishment, &c.*—No variation is introduced under this head from the budget of current year.

76. (11) *Cholera Charges.*—The actuals of last year have been taken into consideration in arriving at this figure.

77. (12) *Contingencies.*—The difference is due to the increased provision of Rs. 2 under contingent charges of the so-called medical centre at Kaluvaya.

78. (13) *Miscellaneous.*—An increased provision of Rs. 2 for medical centres in the Náyudupet Taluk Board and of Rs. 3 for those in other Taluk Boards under house-rent has been made, due to inadequate accommodation of the present hired houses. The details under this item are worked out below:—

	Present estimate.	Proposed estimate.
	RS.	RS.
Travelling allowances	250	310
House-rent	474	594
Furniture	450	50
Total	1,174	954

79. *Vaccination*—(1) *Fixed Charges.*—The increase over the present year's regular and budget estimates is due to the following recommendations of the District surgeon:—

(1) That out of the three probationary vaccinators in the Nellore range, two of the Podalakur and Náyudupet divisions be made second class considering the importance and population of those places.

(2) That an additional probationary vaccinator on Rs. 8-8-0 be appointed to the Ongole range, as vaccination is very backward there.

These proposals will be made in due course and are here budgeted for.

80. (2) *Contingencies.*—The following provision is made under the three vaccine ranges in the district:—

	Nellore.	Kávali.	Ongole.	
	RS.	RS.	RS.	
Travelling allowances	967	742	787	
Stationery	50	40	40	
Batta to mothers, &c.	50	50	50	
Postal charges	60	50	50	
Petty contingencies	20	20	20	
Animal vaccination	200	200	200	
Total	1,347	1,102	1,147	= 3,596

The increase is due to the additional provision above made.

81. (*c*) *Sanitation*—(1) *Improvement of Water-supply.*—Experience shows that Rs. 4,000 are necessary under this head.

82. (2) *Improvement of Village site.*—The regular estimate shows that Rs. 2,700 are quite enough under this head.

83. (3) *Scavengering Establishment.*—The proposals of the Taluk Boards have been adopted without alteration under this head. The following are the details:—

(i) *Nellore Taluk Board.*

	RS.
(1) Sangam and Allúr Unions. The same provision as last year, 168 × 2	336
(2) Gúdúr union, two more scavengers at Rs. 3½ each over the provision of last year, 168 + 84	252
Indukurpet, two at Rs. 3	72
Total	660

(ii) *Náyudupet Taluk Board.*

(4) Kandukúr Union	300
Other villages, 22 at Rs. 3 = 66 × 12	792
Total of Ongole Taluk Board ..	2,092
Grand Total of four Taluk Boards ..	4,940

84. (4) *Arrangements at Fairs and Festivals.*—An increased provision of Rs. 440 is necessary under this head as the Taluk Boards propose.

85. (5) *Other Sanitary outlay.*—The revised budget figure with a slight alteration has been adopted.

86. (*e and f*) *Choultries and Bungalows*—(1) *Establishment.*—No change is proposed from the budget estimate of the current year.

87. (*g*) *Contributions to Provincial Funds*—(ii—iv) *Sanitary Inspection and Cutlers' Establishment.*—The actuals of last year have been adopted with reference to section 19 of the Local Fund rules.

88. (3) *Municipalities.*—The increase in the proposed estimate is due to the fact that an increased provision of Rs. 1,020 was made under the District Board contribution to the Lying-in hospital at head-quarters, as half of the actual expenditure incurred by the Municipality, which now approximates to Rs. 2,040, has to be paid by this Board.

89. (4) *Private Individuals.*—A provision of Rs. 184 was made under this head last year for contribution to the American dispensary at Ramapatam, but the arrangement which necessitated it has fallen through. The provision of Rs. 120 in the next year's budget is a contribution to the "Countess of Dufferin's Fund" for six months from 1st October 1890 to 31st March 1891, as the excess payment of Rs. 240 already made will cover up the expenses for the first six months of the next year.

90. *Grant IV—Miscellaneous.*—

	Rs.
(*a*) Controlling establishment at the Presidency	1,516
Printing work done at the Government Press	350
Pensions	270
(*b*) Establishment in the Collector's office	720
Local Audit establishment and contingencies	1,110
(*c*) Local Board's establishment	5,640
(*d*) Contingencies	6,930
(*e*) Pensions	600
(*f*) Refunds of cesses	100
Total ..	17,236

91. (*a*) *Controlling Establishment at the Presidency.*—Actuals of last year have been adopted as per Local Fund rules.

92. *Printing work done at the Government Press.*—Same remark applies to this.

93. (*b*) *Establishment in the Collector's Office.*—The increase over the budget estimate of the current year is due to the sanction of a Local Fund accountant on Rs. 25 in the middle of the current year.

94. *Audit Establishment and Contingencies.*—No variation is proposed.

95. (*c*) *Local Board's Establishment.*—The increase in the budget figure for 1890-91 over the regular and budget estimates of the present year is due to the late entertainment of union establishments in some unions in the current year. The following are the details of proposed expenditure under this head.

		Rs.	Rs.
(a) District Board		396	1,692
(b) (1) Nellore Taluk Board			
Three Unions under this Board at Rs. 9 for a karnam and Rs. 6 for a bill-collector		504	900
		396	
(2) Náyudupet Taluk Board			
Four Unions at Rs. 9 and 5 and the other three at Rs. 7 and 5		600	996
		396	
(3) Atmakúr Taluk Board		540	
Three Unions at Rs. 9 and 6 each		396	936
(4) Ongole Taluk Board		720	
Four Unions at Rs. 9 and 6 each			1,116
	Total		5,640

96. (*d*) *Contingencies.*—The increase under this head is mainly due to an increased provision under "Postal charges," "Printing charges" and "Travelling allowances to non-official members," the original allotments having been found insufficient. There has also been made a provision of Rs. 550 under (6) Miscellaneous, as experience has proved that some such provision is necessary.

97. Deducting the total expenditure under 4 grants of Rs. 2,92,605 from the total receipts of Rs. 3,08,860, there is left Rs. 16,255 which will be regarded as the reserve for next year. This is about 6·1 per cent. of the net receipts. This arrangement leaves nothing for the closing balance. This special procedure has been adopted owing to the revised kistbandy in this district as per G.O., No. 1003, dated 19th December 1889, in consequence of which the original budget which was prepared leaving a normal reserve and balance had to be disturbed. I anticipate that practically the Engineer will find himself unable to work off as much of the present year's allotments as has been assumed (in connection with which *vide* this office letter, No. 65 L.W., dated 17th January 1890), and I do not think there will be any difficulty next year for funds. The revision of forecast on account of kistbandy is also the cause for the late submission of the budget.

98. Copy of the District Board's resolution passing the budget is enclosed.

From Surgeon-Major J. A. LAING, Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Fort St. George, 13th February 1890, No. 443.

I have the honor to report that Rs. 13,680 and Rs. 10,160 have been set apart for sanitation and vaccination by the Nellore District Board for the year 1890-91. Both are improvements over the respective grants for the current year, and may be accepted.

2. No detailed particulars of the sanitary works, if any, under Grant I, have again been furnished, although Government drew attention to the omission when I pointed it out in my review of the statements for 1889-90.

From D. DUNCAN, Esq., M.A., D.Sc., Acting Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 21st February 1890, No. 1694.

I have the honor to submit the following remarks on the educational portion of the budget estimate of the Nellore District Board for 1890-91.

2. *Receipts.*—The educational assets, including one-sixth land-cess, are estimated at Rs. 51,300 as detailed below:—

	Rs.
One-sixth land-cess	38,200
School-fees	7,470
Contribution from Provincial Funds	5,230
Sale-proceeds of books	400
Total	51,300

The increase under school-fees from Rs. 4,700 to Rs. 7,470 is chiefly due to the proposal of the Board to open a large number of salary-results schools during the ensuing year. The secondary schools also show a satisfactory increase in this respect. To the entry of Rs. 5,230 estimated from Provincial Funds, Rs. 60 may be added for stipendiary grants to two Muhammadan pupil teachers to be sent for training to the Muhammadan Normal School, Madras.

3. *Charges.*—The Board proposes to expend under Grant II Rs. 49,860, against Rs. 44,903, the sanctioned estimate for the current year:—

	1889-90. Rs.	1890-91. Rs.
Inspection	2,925	2,925
Training schools	7,906	8,155
Board schools—		
Secondary	5,022	5,330
Elementary—		
Salary system	6,800	6,090
Salary-result system	11,590	18,200
Grants-in-aid—		
Results grants	8,000	6,500
Building "	1,000	1,000
Contributions	1,100	1,100
Miscellaneous	560	560
Total	44,903	49,860

4. *Inspection.*—The current year's grant has been repeated, and will suffice.

5. *Training Schools.*—The increase under this head is explained in paragraphs 50—53 of the budget covering letter. The proposals therein made meet with my approval. The application of the Board for the entertainment of an additional teacher on Rs. 30 in the Nellore Normal school was recommended to Government in my endorsement, No. 1658, dated 21st February 1890. I would urge that a provision of Rs. 190 in round numbers may be made, to enable two Muhammadan teachers to be sent to Madras to be trained.

6. *Board Schools.*—For the upkeep of the four secondary schools under the management of the Local Boards, an assignment of Rs. 5,330 (in round numbers) is made, against Rs. 5,022 in the current year's budget. The President in paragraphs 54—56 of his letter explains the increase. The average net cost to the Board is Rs. 5-6-6 per pupil, which is a fair rate. The addition to the pay of the head master of the Kavali school, and the entertainment of a gymnastic instructor for the Gúdúr school, were recommended by Mr. Grigg (*vide* G.Os., Local and Municipal, Mis. Nos. 1726 L and 2135 L., dated 5th August and 21st September 1889). The other proposals have my general approval, and the allotment may be allowed to stand pending submission of a separate communication submitting the proposals for the sanction of Government. Liberal provision is made for the supply of maps and books for the Gúdúr, Venkatagiri and Kandukúr schools.

Of the 19 elementary schools maintained on the salary system during the current year, that at Buchireddipalam will be placed on the salary-results system. This is a step in the right direction, and I trust that the remaining schools will be similarly dealt with. The average cost per pupil approximates to Rs. 7 as the figures stand, which is in excess of the average cost per pupil in a secondary school.

The increase in the number of schools on the salary-results system is satisfactory. It is hoped that all the schools provided for will be duly opened in the beginning of the year, and that, as far as possible, they will be placed in charge of trained and certificated teachers. A school should be opened at Gokulam, as pointed out in G.O., No. 2918, Local and Municipal, dated 14th December 1889. As regards the item of Rs. 3,127 (school fees) appearing under expenditure against these schools, it is observed from Statement IV-A that in almost all the schools, the whole of the fee collections is to be appropriated by the teachers, while in the case of a few, a moiety of the fees goes to the teacher, the other half being credited to Local Funds. This is not a correct procedure. The essential characteristic of a salary-results school is the appropriation of the whole of the fees by the manager, who pays all the charges. I would therefore strongly urge that the whole income from school fees be placed to the credit of Local Funds, from which funds provision should be made for rent and contingencies.

I am glad to note that a Muhammadan school for girls is to be opened at Rápúr, and that a carpentry class is to be attached to the Nayudupet Middle school.

7. *Grants-in-aid.*—The allotment for results grants has been reduced to Rs. 6,500, the figure in the revised estimate. It is presumed that results grants will be given at the code rates. I would recommend that the allotment be raised to Rs. 7,500 at least.

The amount set apart for building grants is necessary. The Assistant Inspector will be instructed to see to the proper utilization of the sanctioned grants.

8. *Miscellaneous.*—Under the heads "Contributions to Municipalities" and "Purchase of books" and "Commission on sale-proceeds of books," the current year's allotments have been repeated and will suffice.

9. If the above proposals are approved, the total cost to the Board will be Rs. 1,190 more than the amount it has proposed.

ORDER—dated 19th March 1890, No. 681 L., Local and Municipal.

The principal variations between the budget and the revised estimate for 1889-90, and those between the revised estimate for 1889-90 and the budget for 1890-91, except in the following cases, are explained in the President's letter :—

A. Increase mainly covered by subsequent allotments and transfers.
B. Decrease due to absence of receipts from sale of tools and plant and old materials.

2. The following errors, discrepancies and omissions are noticed in the budget statements and in the President's letter :—

(1) The opening balance of 1890-91, shown in columns 5 and 7 of Statement I-A, should have included the closing balance of 1889-90 under the Endowment fund.

(2) In column 10 of Statement I-A, the estimated receipts from Local Fund toll gates in 1889-90, which are shown in column 9, should have been repeated.

(3) In columns 5 and 6 of Statement I-B, the total charges under Grant IV (*d*) Contingencies, under the Taluk and District funds, are given as Rs. 3,400

and Rs. 3,530, respectively, whereas the details thereof amount to Rs. 3,350 and Rs. 3,580; the total charges under Grant IV under these funds are given as Rs. 7,448 and 9,788, respectively, against Rs. 7,348 and 9,888, the correct totals of the details given; and the same difference appears in the total charges under all grants and in the closing balance.

(4) The deficit with which the Taluk Funds are expected to close the year 1890-91, as shown in column 5 of Statement I-B, should have been made good by an allotment from the District Fund.

(5) In column 7 of the same statement, the total reserve for 1890-91 is erroneously shown as Rs. 1,61,255 instead of Rs. 16,255.

(6) The balances under the Union and Endowment Funds should have been shown at the foot of the same statement.

(7) The figures in columns 8, 9 and 10 of the same statement should have been revised with reference to the supplemental budget of charges sanctioned in G.O., dated 18th October 1889, No. 2423 L.

(8) In column 10 of the same statement, the estimated expenditure in 1889-90 under Grant II, (*f*) Contributions to Municipalities, which is shown in column 8, should have been repeated.

(9) In columns 11 to 13 of Statements I-A and I-B, showing the actuals of 1888-89, the Accountant-General's finally-audited figures should have been adopted, and the closing balance thus arrived at should have been carried forward as the opening balance of the revised estimate for 1889-90.

(10) Statement III-C should have been totalled.

(11) In Statement IV-A, the Industrial school at Náyudupet is shown as a salary-result school; but no provision has been made for result grants on account of this school in column 21. The transactions of this school should in future be shown separately under a new head "Special schools."

(12) There are a few errors of addition, &c., in Statements I-B, IV-A and VI.

(13) In column 10 of Statement VIII, the total charges of the Rápúr Union are shown as *nil*, whereas from column 7 it appears that an expenditure of Rs. 350 is to be incurred upon sanitation alone.

(14) In the same statement, the deficit with which certain Unions are expected to close the year should have been made good by allotments from the Taluk funds.

(15) The cost of the collection establishments maintained in the Unions referred to in paragraphs 3, 28 and 95 of the President's letter, should have been shown in Statement VIII. A revised statement should be submitted.

(16) In Statement IX, the receipts, charges and balances of the Union and Endowment funds should have been shown by means of a foot-note.

(17) From the last column of the same statement, it appears that the dispensary at Sriharikót was closed from May 1889, whereas in Statement V, provision has been made for the usual expenditure on account of this institution.

(18) From columns 3 and 6 of Statement IX-B, it appears that subsequent allotments of Rs. 9,076, Rs. 19,133, Rs. 1,007 and Rs. 1,007, respectively, were sanctioned, in the supplemental budget for 1889-90, under the heads New Works—Miscellaneous Public Improvements, Local Fund Engineering Establishment, Tools and Plant and Contingencies, but from G.O., dated 18th October 1889, No. 2423 L., in which the supplemental budget was passed, it would seem that only Rs. 3,024 were sanctioned under the first head, and no allotments whatever were made under the remaining heads.

(19) In the last column of Statement X, the Government order sanctioning the District Board's budget for 1889-90 is erroneously quoted in all cases but one as the authority for the scale of the existing establishments, instead of the individual Government orders sanctioning the entertainment, from time to time, of the several establishments enumerated in column 1.

(20) The budget statement forms should, in future, be printed.

(21) The usual map of the district showing the roads and other Local Fund works has not been submitted. The omission should be supplied.

(22) The percentage of the cost of the Local Fund Engineering establishment to the outlay on works executed by that agency, as given in paragraph 47 (2) of the President's letter, has been erroneously calculated on the cost of the establishment only, whereas the contingent charges should have also been taken into account.

(23) In the abstract given in paragraph 69 of the same letter, the provision under Grant III (*g*) Contributions to Municipalities is erroneously shown as Rs. 120, instead of Rs. 7,250, which is the figure appearing in column 4 of Statement I-B; further, the budget provision of Rs. 120 under Contributions to private individuals under the same grant has been omitted.

(24) In paragraph 78 of the same letter, the budget figure under Grant III (*a*) Miscellaneous is erroneously given as Rs. 1,174, instead of Rs. 1,204, as shown in column 10 of Statement I-B.

(25) Section 19 of the Local Fund rules is erroneously quoted in paragraph 87 of the President's letter, instead of G.O., dated 2nd April 1887, No. 641 L.

(26) In paragraph 95 of the same letter, the cost of Union establishments in the Nellore taluk is given as Rs. 504, whereas the annual cost of a Karnam on Rs. 9 and a bill-collector on Rs. 6 per mensem for 3 Unions amounts to Rs. 540.

The necessary corrections have been made with reference to clauses (1), (2), (3), (4), (5), (7), (8), (9), (10), (11), (12) and (13) above. The discrepancies noticed in clauses (17), (18) and (26) should be explained.

REVISED ESTIMATE FOR 1889-90.

3. The current receipts and charges of the year are now estimated at Rs. 2,59,360 and Rs. 3,92,920, respectively, against Rs. 2,77,860 and Rs. 3,97,950 anticipated in the sanctioned budget, the variations in both cases being explained in the President's letter. The proportion of the expenditure under Grant I, especially under New Works—Communications, during the first six months of the current year, to the total allotment, was extremely unsatisfactory. In the review on the report for 1888-89, the Government commented upon the insufficiency of the expenditure under this grant, and every endeavour should be made to obviate the necessity for similar remarks when reviewing the report for the current year. The budget figures of the current year, and not the actuals of the previous year, should have been repeated under Contributions to Provincial funds on account of Sanitary Inspection and Cutlers' Establishment. The balance to be carried forward to the ensuing year's budget will be Rs. 42,970—Rs. 12,650 under the District, and Rs. 30,320 under Taluk, funds.

BUDGET ESTIMATE FOR 1890-91.

4. The receipts of the ensuing year are estimated at Rs. 2,68,040, against Rs. 2,59,360, the revised estimate for 1889-90, the increase occurring chiefly under land-cess, house-tax, school-fees and choultry rents. The variations in these cases are explained in the President's letter. The Provincial grant for education will be raised by Rs. 60, with reference to paragraph 2 of the Director's letter read above.

5. (1) *Grant I.*—The provision made for contribution to the Public Works Department for scrutiny of Local Fund plans and estimates will be raised to Rs. 260, with reference to G.O., dated 1st February 1890, No. 193 L.

(2) *Grant II.*—The allotment for training schools will be raised by Rs. 190, as recommended by the Director of Public Instruction in paragraph 5 of his letter, and his remarks and suggestions in paragraphs 6 and 7 will be referred to the Taluk Boards for consideration and report. The proposals for the various changes contemplated in establishment are awaited. The increase of As. 8 to the pay of the sweeper of the Addanki school, mentioned in paragraph 58 (2) of the covering letter, is sanctioned.

(3) *Grant III.*—The provision under Medical Services will be passed subject to the remarks of the Surgeon-General. It is unsatisfactory to note that the information referred to in paragraph 2 of the Sanitary Commissioner's letter has not been furnished to him, although the President's attention was specially drawn to a similar omission to paragraph 1 of G.O., dated 1st August 1889, No. 1693 L. Application should be made for the scavenging establishment for Indukurpet, which is referred to in paragraph 83 (3) of the President's letter.

6. *Allotments, Reserve and Balance.*—In view to avoid the deficit with which the Taluk Funds would otherwise close, an allotment of Rs. 11,170 will be made from the District to Taluk funds. The reserve, calculated at 10 per cent. of the estimated receipts, excluding those of endowed institutions, amounts to Rs. 26,660; but owing to want of funds, only Rs. 13,510 are provided—Rs. 6,910 under the District, and Rs. 6,600 under Taluk, funds. The budget, as revised by Government, closes with a balance of Rs. 4,590, of which Rs. 3,230 appertains to the Endowment fund and Rs. 1,360 to Union funds.
