ENCLOSURE No. 1.

Letter from the Superintending Engineer, I Circle, dated 18th February 1890, No. 2632-G.D.

With reference to paragraph 2 of my letter, No. 604-G.L., dated the 19th January 1890, forwarding the budget estimate for the Court of Wards' estates in this circle for 1890-91 (fasli 1300), I have the honor to state that the Head Assistant Collector of the Godávari District says in his letter, No. 18, of the 23rd January 1890, to the Executive Engineer, Godávari Western Division, that there are no works in the Lakkaveram estate to be repaired by this department during 1890-91, and I request therefore that you will be so good as to have the amount of Rs. 593 entered for the Lakkaveram estate in the said budget estimate removed.

RESOLUTION—dated 16th April 1890, No. 878.

Communicated to the Collectors of Ganjam and Vizagapatam, who are requested to place the requisite amounts at the disposal of the Public Works Department.

2. The Urlám estate having been handed over to the proprietrix, no provision is necessary for it; whilst the provision for Chinna Kimedi, which will be handed over in June next, should be reduced so as to meet the expenditure in the first two months of the current official year only. It is requested that the amount required in the latter case may be intimated at an early date and details furnished for the lump sums shown in the statements now forwarded.

3. The Collectors concerned are requested to make the necessary provision for the works and for supervision in their budget for the ensuing fasli. As regards "Communications" it should be fully explained whether the charge is one which should properly be borne by the estate.

4. It is not clear why no work is proposed to be carried out by the Public Works Department in the Yelagiri and Erumaipati estates during fasli 1300.

5. All Collectors in charge of Wards' estates are requested to submit their budgets punctually and to forward the lists called for in paragraph 3 of Court's Proceedings, dated 18th May 1889, No. 1155. Particular care should be taken that provision is

made only for such works as are necessary and can be completed within the ensuing fasli, as well as for incomplete works. In the case of "Communications," the circumstances under which it is considered desirable that the estates should bear the charge should be fully explained.

ENCLOSURE No. 1.

Letter from the Superintending Engineer, I Circle, dated 18th February 1890, No. 2632-G.D.

With reference to paragraph 2 of my letter, No. 604-G.L., dated the 19th January 1890, forwarding the budget estimate for the Court of Wards' estates in this circle for 1890-91 (fasli 1300), I have the honor to state that the Head Assistant Collector of the Godávari District says in his letter, No. 18, of the 23rd January 1890, to the Executive Engineer, Godávari Western Division, that there are no works in the Lakkaveram estate to be repaired by this department during 1890-91, and I request therefore that you will be so good as to have the amount of Rs. 593 entered for the Lakkaveram estate in the said budget estimate removed.

RESOLUTION—dated 16th April 1890, No. 878.

Communicated to the Collectors of Ganjam and Vizagapatam, who are requested to place the requisite amounts at the disposal of the Public Works Department.

2. The Urlám estate having been handed over to the proprietrix, no provision is necessary for it; whilst the provision for Chinna Kimedi, which will be handed over in June next, should be reduced so as to meet the expenditure in the first two months of the current official year only. It is requested that the amount required in the latter case may be intimated at an early date and details furnished for the lump sums shown in the statements how forwarded.

3. The Collectors concerned are requested to make the necessary provision for the works and for supervision in their budget for the ensuing fasli. As regards "Communications" it should be fully explained whether the charge is one which should properly be borne by the estate.

4. It is not clear why no work is proposed to be carried out by the Public Works Department in the Yelagiri and Erumaipati estates during fasli 1300.

5. All Collectors in charge of Wards' estates are requested to submit their budgets punctually and to forward the lists called for in paragraph 3 of Court's Proceedings, dated 18th May 1889, No. 1155. Particular care should be taken that provision is

made only for such works as are necessary and can be completed within the ensuing fasli, as well as for incomplete works. In the case of "Communications," the circumstances under which it is considered desirable that the estates should bear the charge should be fully explained.
