Read—the following paper :—

From the Secretary to the Government of India, Military Department, to the Secretary to the Government of Madras, Public Works Department, dated Simla, 20th May 1890, No. 1191 M.W.

I am directed to acknowledge the receipt of your endorsement No. 638 W., dated 28th February 1890, forwarding, for orders, copy of correspondence relative to the question whether a Quartermaster of a British Infantry Regiment serving with the rank of a Lieutenant, when provided with public quarters according to the scale laid down in Madras Public Works Code, paragraph 1173, and Bengal Barrack Regulations, paragraph 131, for a Lieutenant, should not pay the rent prescribed for a Lieutenant in paragraphs 1182 and 132 of the above-quoted regulations.

2. In reply, I am to state, for the information of His Excellency the Governor in Council, that neither in terms of Bengal Barrack Regulations, paragraph 132, nor Madras Public Works Department Code, paragraph 1182, can a Quartermaster claim to be charged the lowest rent therein specified. He is not a second Lieutenant, and although three years may not have elapsed since the date of his commission as Lieutenant, this fact does not place him in the category of a Lieutenant with not more than three years' service, since he served for many years prior to becoming a Lieutenant. In ordinary circumstances, therefore, a Quartermaster would pay Rs. 30 in terms of Madras Public Works Code, chapter X, paragraph 1182, and Bengal Barrack Regulations, paragraph 132. It is presumed, however, that the reduced rent of Rs. 25 per mensem referred to in the correspondence is that authorised under Government of India, Public Works Department, No. $\frac{133\ M}{793}$, dated 13th February 1865, to the address of the Resident at Hyderabad.

Order—dated 3rd June 1890, No. 1536 W., Public Works.

Communicated to the Military Department and to the Examiner, Public Works Accounts, with reference to G.O., No. 637 W., dated 28th February 1890; also to Superintending Engineers for information.
