PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following Proceedings
of the Court of Wards, dated 25th April 1890, N^o 1015,
on letter from the Collector of Vizagapatam,
dated 22nd March 1890, N^o 922.

I have the honor to
submit the following Explanation called for
in para 5 of the Court's Proceedings N^o 2428, dated
11th October last.

2. The practice in this District in
regard to repairs to public works in Court of
Wards Estates has been to advance funds to the
manager of the estate after the estimates fur-
nished by him have been sanctioned. This
money he utilizes on the works concerned
till it is exhausted and then submits detailed
accounts with vouchers to the Treasury Deputy
Collector who adjusts the expenditure in his
accounts. It often happens that the ex-
penditure incurred in one faali is shown in
the accounts of the subsequent faali.

3. Siripuram Estate. The amount
sanctioned for public works was Rs 3575. Of
this, Rs 3075 was provided for expenditure
by the D. P. W. on repairs to Tamarachenu tank.
These were not, ^{however} carried out by that Department
which has therefore to account for this portion
of

of the short expenditure. Of the balance of Rs 500, Rs 400 relate to Irrigation works and Rs 100 to buildings. The whole of this money was spent during the fasli but the expenditure as explained above appears in the accounts of the subsequent fasli; hence the deficiency.

4. Appiconda Estate. In the budget of this estate Rs 2120 were provided for repairs to Irrigation works and buildings, Rs 1500 being for the former and Rs 620 for the latter. This provision included the amount sanctioned for fasli 1296 (which was not utilized during that fasli) and that required for fasli 1297. Of this only Rs 1578-13-4 were advanced to the Estate Manager during this and the previous fasli as he was not able to utilize the remainder. Before the close of the fasli, the manager was able to adjust only Rs 334-11-4 by furnishing detailed accounts with vouchers leaving the balance to be accounted for next year: hence the short expenditure.

5. In Conclusion, I beg to state that I am correcting the existing practice and arranging to get the expenditure incurred during the month adjusted in the accounts of the succeeding month. I am also taking measures to get all outstanding balances duly adjusted before the close of the current fasli.

Resolution.

Resolution: — Submitted for the information of Government with reference to para 7 of G. O. dated 9th August 1889, No 686. Revenue.

Order thereon, 16th May 1890, No 3005.

Recorded.

2. Para 3 of the Collector's letter in which it is stated that the Public Works Officers are responsible for the short outlay on the Tanara Cheruvu tank will be transferred to the Public Works Department for disposal.
