Enclosure

Letter from the Local Fund Engineer Coimbatore
to the President District Board Coimbatore dated 13th
March 1890 No. 320

With reference to your endorsement No. 26
Govt dated
22nd February 1890 on G.O. dated 6th February 1890 No. 235
L. His regarding the statement showing the roads proposed
to

to be repaired &c. I beg to submit a statement showing the estimated cost of each work.

2. Regarding the difference between the former statement in which 1000 miles of road from the sides of which prickly pears are to be cleared, and the present statement of 1500 miles so to be cleared. I beg to explain that in the former statement the clearing was confined to most of the main roads, it has however been seen that there are large quantities of prickly pears growing on unmaintained roads while it will be advisable to clear as famine relief works and which will be taking relief near to the villages &c.

3. The delay in submitting the statement is owing to the labor involved in finding the cost of each work, there were in all 135 long roads which had to be dealt with.

Order thereon dated 21st March 1890 No. 703 L. His

Communicated to the Revenue Department

in continuation of G. O. dated 6th February 1890 No. 235 L.

2. In the statement now submitted, the total estimated outlay on the construction of roads and

and on the removal of prickly pear is shown as Rs 15,91,952 and Rs 3,96,916 respectively, whereas the totals of the details given are Rs 15,80,842 and Rs 3,96,016 respectively. Further, none of these figures agree with the amounts given in the President's letter dated 19th December 1888 No. 1078 L. 4. disposed of in G. O. dated 26th September 1889 No. 2196 L, which were Rs 15,92,800 and Rs 3,96,000 respectively. The discrepancies should be explained by the President.
