DEPT.

EXAMINER, P. W. ACCOUNTS.

Madras, 23 January 1889.

OFFICE NOTE No. 97

To

W.

In returning the duplicate abstract estimate for Rs. 13,470 for the preparation of stone at Mogalrazpuram in the Kistna Eastern Division sanctioned in G.O. No. 59 W. of 10th. January 1889, I beg to point out the following omissions therein -

- (a) The quantity of stone to be quarried etc. has not been shown in the estimate.
- (b) No provision has been made for land and kilns as required by Code para 1739 (I point out this as a sum of about Rs. 1,000 is outstanding under land and kilns in this division at end of November 1888)
- (c) Units are not given except for the last 3 items in the estimated outturn.

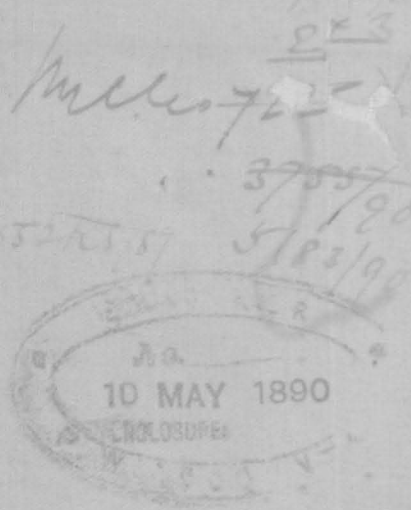

KEEP-WITH

Genl. No.

dated

188 .

2. I would suggest that steps may be taken to have the above omissions supplied and the estimate returned to me.

2. The Suply. Engineer II Circle
with the Abstract Estimate

Forwarded

Letter from W. Jopp Esquire, Executive Engineer, Krishna Eastern Division, to the Superintending Engineer II Circle, dated 28th March 1890 No. 6039.

With reference to your letter No. 2364 K. of 9-2-90, I have the honor to forward the revised Estimate for the Mogalarazapuram Quarry for 1888-89, and to state that I have now entered the information required as regards land and Kiln charges. But I think the information given is practically of no use since the Estimate refers to the past year, the accounts of which, have been closed without the charges for land and Kiln having been adjusted.

2. I have found that Kiln accounts of the Bezvada and Mogalarazapuram Quarries were first ordered to be treated as one and accordingly proposals were submitted, but orders have since been received that separate accounts should be maintained for them. Accordingly revised proposals have now been submitted. The non-settlement of the proposals for the adjustment of

of land and kiln charges, appears to account for the delay in the submission of the revised Estimate.

3. The Estimates for the 3 Quarries for the current year will be submitted in a day or two.

N^o. 140 KJ

Submitted to the

Chief Engineer, P.W. Department, with reference to his Memo. N^o. 389.C. of the 28th January 1889 (herewith returned) for favor of sanction to the enclosed revised Estimate, under the explanation afforded in the foregoing letter.

2. Statement containing proposals of periods for the adjustment of land and kiln charges has been submitted for sanction separately with this Office N^o. 139/K of the 15th instant.
