GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

General,
Account.

READ—the following paper :—

From C. F. MacCARTIE, Esq., Chairman, Ootacamund Municipal Council,
to the Chief Secretary to Government (through Collector of Nilgiris),
dated Ootacamund, 16th May 1890, No. 318.

In acknowledging receipt this day of G.O., dated 17th April 1890, No. 1132 W.,
Public Works, I have the honor to respectfully request a reconsideration of para. 2
thereof in which the Government regretfully declines to transfer the fencing to the
Municipal Council free of charge.

2. All that the Council asks for is the free grant of the surplus wire fencing
remaining on hand after the requirements of the Marlimund reservoir has been fully
provided for; this superfluous wire is emergently wanted for fencing the Hobart
Park, the market and the Municipal cart-stand, unfortunately the demands on the
Council are at present so heavy as to render payment impossible. The free grant
which I now advocate will enable us to carry out a great public improvement at
comparatively little cost.

No. 33.

Submitted.

OOTACAMUND,
17th May 1890.

(Signed) C. F. MacCARTIE,
Acting Collector, Nilgiris.

No. 322, Local and Municipal.

Transferred to the Public Works Department.

FORT ST. GEORGE,
28th May 1890.

(Signed) A. BUTTERWORTH,
Acting Under-Secretary.

ORDER—dated 16th June 1890, No. 1664 W., Public Works.

His Excellency the Governor in Council is of opinion that in carrying out the
work authorised in G.O., No. 1132 W., dated 17th April 1890, the existing fencing
along the Marlimund bridle-path should not be removed.

2. Of the whole length of fencing (14,031 feet) available, 8,000 feet will be
required to form a cordon round the water-spread of the reservoir, and the remainder,
6,031 feet, will remain *in situ* along the Marlimund bridle-path as ordered in para. 1.
None of the fencing will therefore be available for transfer to the Municipal Council.

(True Extract.)

Wire Fencing

Intimating that none of the — of the
Marlimund reservoir will be available for
transfer to the Municipal Council, Ootaca-
mund.

100 3/8

From the Chairman — Ootacamund
Ootacamund Municipal Council 16 May 1890

To the Chief Secretary to Govt.
Fort St. George.
The Govt. of Madras.

101

Madam, I beg to acknowledge the receipt of G.O. Dated
17 April 1890 No. 1132 W. Pat. Works. I have the
honor to acknowledge the receipt of a communication of
para 2 thereof in which the Government requestfully
desires to transfer the fencing to the Municipal
Council free of charge.

2 All that the Council asks for is the payment of the surplus
wire fencing remaining on hand after the requirements
of the Marlimund Reservoir has been fully met
provided for; This surplus wire is urgently
wanted for fencing the Hobart Park, the market
and the Municipal Club Ground, unfortunately
the demands on the Council are at present so
heavy as to render payment impossible.

ENCLOSURE.

SUBJECT.

20/5
Acknowledging receipt of Memo no 1132 W dated 17 April 1890 & requesting Government to be considered its decision with reference to the 2nd para of the above

G. O.
(with endorsement)

P.W. D.

From the Chairman Ootacamund Muni Council No 318,
dated 16 May 1890 -
Endorsement thereon in the L. & M. Dept. No 322
dated 28.5.1890.

I am to know exactly what fencing is going to be removed. There is a strong fence ~~mentioned~~ along the Martlamund bridle path from the saddle at the top of Sylk's valley, to a point on the hill due north of this point which should in my opinion be removed; but I don't know whether all of it is Govt. fence or not. The portion which may be removed is that ^{on the East side} from the junction of path above Guntur path along the water shed to the hill north of the bend above mentioned. If this alone is removed, I doubt whether it will leave them sufficient to fence the water spread & whether there will be anything over for the municipality. Let the Ch. Eng. ascertain exactly what it is proposed to do, & the length of fence available. Uls 3 hours

Subject. Requesting a re-consideration of para 2 of G.O. No 1132 W of 17.4.90, in which Govt. declined to transfer to the Municipality free of charge, the surplus wire fencing of the Martlamund Reservoir.

For orders.

Phoon
2.6.90
W

Out of the whole length of fencing (14031)' available it is proposed to utilize 8000' to form a cordon round the water spread of the Reservoir leaving 6031' available for transfer, or to remain in situ along the Martlamund bridle path as

proposed by the H.M.

This length would just
suffice for the western
fencing from the junction
of the Kandalman and Middle
path with the Marlman
Middle path up to the hill
north of the reservoir bank.

In this case no fencing
could be available for
transfer to the Municipality

Press

3.6.90

L.

I am very strongly of opinion that
the fencing along the Marlman
Middle path should not be touched
~~because~~ There is no opening or right
of way through it at all and it is
certainly a considerable protection
to the collecting ground.

As shown by the Chief Engineer
if that is left there is nothing
for the Municipality.

W.S.

& may.

If the above plan is adopted &
there is no more fencing to be
done for the disposal of the O.K.C.
land then to be sold so

W.S.
H.S.

It appears that good use can
be made of the spare fencing

which therefore in my opinion should be given to the Municipality C.G. 6
