No 27.

Executive Engineer's Office,
Coimbatore 6th January, 1890.

From

J. W. Martin Esq., 
Executive Engineer,
Coimbatore Division.

To

The Superintending Engineer,
Fourth Circle,
Coimbatore.

Sir,

I have the honor to report that the Government building at Barar used for a residence for the Sub-Divisional Officer was burnt on the 30th ultimo, and nothing remains except the walls. The building had a thatched roof and the walls are made of mud, the book value being Rs 810.

2. The matter has been reported to the Police for enquiry.

3. There is no good camping ground at Barar. It is an exceedingly barren place

168
✓

place as regards trees, for there is not even
one to afford shelter and protection in the
hot weather, while close by there are
several large rocks which make the
place very hot. In these circumstances,
I consider there should be a rest house
at Barār, for the use of Officers and sub-
ordinates when inspecting the Barār
Project works. I therefore request per-
mission to rebuild the building destroyed
by fire.

I have &c

Signed/ J. W. Martin

Executive Engineer,
