J. W. D.

Office of the Consulting Architect to Govt.,
Chopank, Madras,
10th May 1890.

No. 432.

From

Henry Swin, Esq., C.I.C.,
Consulting Architect
to the Government of Madras.

To

The Chief Engineer
Public Works Department

In,

Enclosures.

With reference to para 2 of G.O. No. 1006 W dated 31 March 1890, I have the honor to state that in G.O. No. 3066 W dated 30 October 1889 the balance of Rs 12550 then outstanding against Land & Kiln account was sanctioned to be adjusted within eight years by monthly credit of Rs 130/- At this rate the debit would be cleared in $7\frac{1}{2}$ years from this date.

2. I beg therefore to propose that the debit of Rs 1764 sanctioned for the purchase of land for Brickfields may be adjusted by monthly instalment of Rs 19/- which will clear the amount at the same time as the balance referred to in my para 1 above.

3

The total monthly debit to
Land

Land & Kiln will then be \$149. which the
manufacturing operations can well bear.

I have the honor to be
Sir
Your most obedient servant
Henry Mason

OFFICE NOTE No. 3207.

To

W.

Unless there is reason to suppose that a manufacture will cease on or about a certain date it is not desirable to arrange to clear all balances at debit of land and kiln in connection with that manufacture by the same date.

2. It also seems desirable to regulate these adjustments as far as possible on a uniform principle, that is to say like periods for like charges under like circumstances. I think that in the case of land for permanent operations ten years would be a suitable period for uniform adoption. I would therefore suggest that the period for the clearance of the debit to land & kiln on account of the extra land purchased for the Government brickfields (Rs. 1,704) may be fixed at 10 years, which would give a monthly rate of adjustment of approximately Rs. 14.

3. The difference in this case happens to be trifling, but the adoption of

the Consulting Architect's proposal
might form an undesirable precedent.
