Co. No 1000

N: 81

Office of Inspector General of Jails
Vellore March 8, 1890.

From

Col. J. Macdonald Smith

Ag. Inspector General of Jails

To, The Chief Secretary to Government
Fort St. George

Sir,

I have the honor to bring to
the notice of Government that for
some time past, it has been the
opinion of the Superintendent of
H. His Penitentiary
of the Officer in Medical Charge
thereof

and of Official visitors
an opinion in which I concur that
there should be an interchange of
quarters between the juveniles and
sick in the Penitentiary - for the
following reasons -

1. That the number of juveniles
is small and the accommoda-
tion for them far in excess
of requirements

ii That the juvenile block is a large well situated, upper storied building with ample accommodation for sick and would make a good Hospital.

iii That the present Hospital building has not sufficient accommodation for sick but would have ample for juveniles.

iv That the present juvenile compartment is too isolated and that it would be better if the juveniles were nearer and more continually under the eyes of the principal officers of the jail, whereas its quiet isolated situation renders it peculiarly suited for a hospital.

2. The Executive Engineer was desired to furnish plans and estimates for the necessary alterations -

Rs 2230
+ 232
Rs 2462

Converting juvenile quarters into a Hospital

- do - Hospital into juvenile quarters

and these estimates I now submit to the favourable consideration of Government.

I have to
be/ J. M. Smith, Esq.
149, S. E. Jail.

No. 176

Office of Inspector General of Jails
Cotacumund, May 20, 1890.

From, Colonel J. M. Smith,
Ag. Inspector General of Jails.

To, The Chief Secretary to Government,
Cotacumund.

Sir,
In reply to your reference No. 1000 of 1890 requesting me to state what accommodation will be available (1) in the Hospital (2) for juveniles male and female if the proposed alterations are carried out in the Penitentiary and how this compares with the average daily average strength of sick and juveniles, I have the honor to reply that if the alterations are carried out (1) the new Hospital will hold 42 sick the average daily strength of sick on 1st April being 28.52 males. (2) the new juvenile quarters will hold 28 boys, the average daily strength of juveniles on 1st April being 7.33.

2. With regard to female juveniles they would be confined in the female yard with

with the women where they have their own
Hospitals.

I have the honor to be

Sir,

Your most obedt. Servt.

John Smith
Col.
Sg. Inspector General of Fairs.

Dated 2nd June 1890
From the Judicial Dept. —

NOTE OF REMARKS.

The plans & estimates
under review, the latter
amounting to Rs 232
& Rs 2230 provide for
constructing the hospital
in the juvenile ward, and
the juvenile ward into
a hospital at H. M.
Prisons, Madras —

The particulars of
the changes to be effected
are specified in the
reports & shown in
the plan —

It is not clear whether
the convict labor has
been included in
the estimate from the
estimate, according
to P. M. Code para 937
a statement showing
the amount of convict
labor should accompany

the estimate, and the amount should be included in the Est. with a foot note stating the amount due to convict labor, the est. should therefore be returned to be prepared in accordance with the Code para quoted above.

The rates are fair
The plans & Estimates have been considered by the Inspector General of jails and approved in the Judicial Deptt.
