The Secretary to the Commissioners of

Land Revenue
Madras.

SIR,

I have the honor to bring to the notice of the Board that the Taluk Cutcherry at Timpatur is in no way suited to the requirements of the Taluk. It is a small building of the old Court-yard type, viz. a small central Court-yard surrounded by open verandahs. There is no record-room, a portion of the verandah being screened off by wooden bars. There is no proper Treasury room or Police station, and the Tahsildar has no proper Court or room to sit in.

He has for the purpose only the breadth
of the Kraundah for accused, pleaders
and witnesses to stand in, and
owing to the shape of the building the
afternoon sun streams in directly
on where they have to sit, and as
there is no through ventilation, the
heat is very great. Neither has the
Sheristadar any proper accommodation
and where he has to try a Magisterial
Case, the parties and witnesses have
either to stand in the sun or tumble
over the desks. The establishments are
crowded and uncomfortable, and to make
matters worse one corner portion of
the building is occupied by the
Sub-Registrar. All these conditions are
I submit, a very serious indirect obstacle
to good work and good discipline. That
only is the accommodation in the
building inadequate and unsuitable
but its situation is also very objectionable
for such an office. It is situated

in one

in one of the main streets of the Town,
the entrance being direct into the
street and houses almost touch
its walls on all sides but the
front. It is thus neither secure
nor healthy. The late outbreak
of Cholera began in a house al-
touching the Cutcherry, so that some
would go near it for sometime. The
site on which the building stands
is a very valuable one from a mere
point of view and could probably be
sold to advantage as a Maundi (godown)
The materials too are good, and,
I have heard it said that the building
might, if sold to advantage, bring
in Rs 10,000. Probably this is an
extreme estimate but it should fetch
in my opinion easily Rs 5,000. What I
would propose therefore, is that the
present Taluk Cutcherry be sold and
that

building of the new type he erected
for the Tehsil Cutcherry in the Lehmans
the which is close at hand, and in
which the Head Assistant Collector's
Office, the District Court, the Sub Jail,
Municipal School and Hospital,
Police Hospital and in fact all
public buildings of Tempatus are
located. The proposed site is
near the Railway station and Town
is also not far from the site of
present Cutcherry. It is most
convenient in every way.

I would also urge the building of
new Cutcherry at Tempatus. What
has been said above of Tempatus applies
here also, both as to accommodation
and situation, except that whereas
comparatively small portion
of the office at Tempatus is occu-
pied by the Sub Registrar, a large
portion of this office is occupied
by the Sub Jail and the little
accommodation

accommodation available for the
Tahsildar has been further con-
-tributed by cutting off a room for
the Police Inspector. The arrange-
-ments for the S.D., at this station
are very defective. The Cooking
place and latrine are across the
public street and are cramped
up into a small walled space.
I consider that proper office
accommodation outside the
Town is here also urgently
required. 17/3/90

I have the honor to be
Sir

Yours most obedient servant
