SIR,

With reference to G. O. No 250 W dated the 24<sup>th</sup> January 1890, & your reminder No 250 W dated the 9<sup>th</sup> May 1890, I have the honor to state that the Executive Engineer of the Lake Godavari Central Division reported that the materials were not brought to site for general purposes & consequently were not chargeable to stock. The circumstances of that Division he states are peculiar as he had no source of supply under his own control & cases <sup>arose</sup> during the working season such as short supply of cut stone made it absolutely necessary to transfer materials or stop work for the want of a few cubic feet of cut stone.

2. The transfer of Materials from work  
to work will not, it is hoped be so  
frequent in future as many of the Capital  
Account works in the Division are completed.

I have the honor to be

Sr
