In modification of G.O. dated 28th February 1890 N° 336 M, and in supersession of G.O. dated 14th May 1890 N° 757 M, the Government resolves to direct that the execution of the Kumbakonam drainage scheme shall be entirely entrusted to the Sanitary Engineer under whose orders Mr Walsh will work. Mr Walsh will be considered to have been lent to the Municipality for a period exceeding one year and his employment will be foreign service of the first kind as defined in article 802 of the Civil Service Regulations.

2. The Government understands that the object of discharging the drainage into the Nauditaudi drain by means of a siphon passing under the Arasillai was to ensure discharge into that river even when in flood. This object the channel proposed by the Sanitary

Sanitary Engineer does not seem to secure but, to enable the Government to arrive at a decision, the Sanitary Engineer should report the bed-level and flood-level of the Arasillai at the point where the Nauditaudi drain meets it.
