READ—the following paper:—

From G. H. D. WALKER, Esq., Under-Secretary to the Government of India,
Public Works Department (General), to the Secretary to the Government
of Madras, Public Works Department, dated Simla, 17th June 1890,
No. 1584 G.

In reply to your No. 1517 W., dated 30th May 1890, submitting a memorial from
Mr. * * * * Executive Engineer, to the address of the Secretary of State, praying that
he may be allowed to count his service in the department from the date on which he left
Cooper's Hill College to undergo a course of practical training, I am directed to point
out that it is not considered necessary or desirable to make a distinction between the
officers appointed from the College some years ago who went through a practical
course for seven months out of the three years' course and those who now undergo a
three years' theoretical course and then commence their practical course. As regards
Royal Engineer officers, it is observed that under the Resolution referred to they count
their service in the department from a date which cannot be less than $2\frac{1}{2}$ years after
leaving Woolwich for practical training. This period was fixed after full consider-
ation of the ages and other circumstances of the two sets of officers when they leave
Cooper's Hill and Woolwich, respectively.

2. I am to add that the memorial has not been forwarded to the Secretary of
State because His Excellency the Viceroy had not previously passed orders on the
point raised.

ORDER—dated 3rd July 1890, No. 1818 W., Public Works.

Communicated to Superintending Engineers for the information of officers
concerned.

Sir,

In reply to your No. 1517 W. dated
30th May 1890 submitting a memorial
from Mr. H. S. Russell, Executive
Engineer, to the address of the Secretary
of State, praying that he may be
allowed to count his service in the
Department from the date on which
he left Cooper's Hill College to undergo
a course of practical training, I am
directed to point out that, it is not
considered necessary or desirable
to make a distinction between
officers appointed from the

one year ago who went through a
practical Course for seven months out
of the three years Course and those
who now undergo a three years theoretical
