9TH JUNE 1890, No. 416, REVENUE.

GOVERNMENT OF MADRAS.
REVENUE DEPARTMENT.

READ—the following letter from T. W. RAWLINS, Esq., Accountant-General to the Government of Madras, to the Secretary to Government, Revenue Department, dated Fort St. George, 16th May 1890, No. 1593 :—

Herewith I have the honor to forward the Proceedings of the Board of Revenue, No. 2447, dated 22nd April 1890, containing a draft of the standing order which it is proposed to issue regarding the inspection of district treasuries.

2. I agree generally with the terms of the proposed standing order, but I would point out that, if the Collectors' observations and the orders passed by them on inspection are to be communicated to the Accountant-General only, it will practically lay upon him the ultimate responsibility for the sufficiency of the arrangements, and I would suggest that, if that responsibility is to rest with the "local Revenue officers acting under the orders of the local Government," it would be desirable to require them to send duplicate report to the Board of Revenue.

3. To the list of matters which should claim the inspecting officer's particular attention, I would add the necessity for seeing that the strong room has been certified as secure and fit for use by an officer of the Department of Public Works not under the grade of Executive Engineer, and that the certificate and any order issued for the security of the room by the Superintendent of Police are hung up on the spot.

Read—the following letter from the Deputy Accountant-General, dated Madras, 27th February 1890, No. 677 :—

With reference to Board's Proceedings, No. 2279, dated 13th October 1881, I have the honor to request that you will be so good as to furnish me with a copy of the standing order, if any, issued by the Board in regard to the half-yearly inspection of district treasuries.

Read—also letter from the same officer, dated 28th March 1890, No. 1067.

ABSTRACT.—Requesting to be favored with a reply to his letter of the 27th February 1890, No. 677.

Resolution—dated 22nd April 1890, No. 2447, Mis.

The Accountant-General will be informed that for some reason which cannot now be discovered, the order of the Board that a standing order should issue on the subject of the inspection of district treasuries by Collectors has up to this time been overlooked and no

standing order has issued. The Board now proposes issuing the following standing order which will be submitted to Government through the Accountant-General for approval:—

"STANDING ORDER No. 192A—*Inspection of District Treasuries*.—The Government of India has ruled that the responsibility for the proper management and working of the district treasuries rests entirely with the local Revenue officers, acting under the orders of the local Government, and that no portion of this responsibility should be imposed on the Accountant-General. It has also been ruled that, as regards inspection of treasuries, no change should be made which would tend to relieve Collectors of their responsibility for management and inspection."

2. All district treasuries should be inspected at least twice a year by Collectors of districts and their observations on all matters connected with the accounts and treasury branches should be communicated to the Accountant-General, together with any order, which, on the occasion of such inspections, they may give to the officers in charge of the treasuries. These reports should be sent to the Accountant-General in April and October of every year.

3. Collectors should see that the boxes in which the money is kept are in good order, that the guard is properly posted, that the treasurer is not allowed to keep too much money in his hands, that the spare stores of bill forms are kept under proper custody, that the deposit registers and pension registers are all up to date, that the standing orders of the department are observed, that the circulars from the Accountant-General are understood and filed to date, and, generally, that the office registers and records are in good order. He should also notice the degree of supervision exercised by the Treasury officer in respect of the examination of coin presented by the public and its withdrawal from circulation if tampered with or unduly worn.

4. The list of questions for treasury inspection given in Appendix B of the Civil Account Code, Volume I, will serve further as a guide to Collectors in the work of inspection, but it is to be understood that the Collector is required to issue his own orders in each case, merely reporting his orders to the Accountant-General and not leaving it to the latter to correct mistakes or errors of procedure which the Collector may discover.
