GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—again the following paper :—

G.O., dated 4th March 1890, Nos. 194, 195, Educational.

ABSTRACT.—Sanctioning the grant of travelling allowance to students of the Engineer and Subordinate Engineer classes during the period referred to, and forwarding copy of Proceedings to the Government of India.

READ—also the following papers :—

Office-note from the Examiner of Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 2nd April 1890, No. 1952.

In acknowledging receipt of G.O., No. 897 W., dated 18th March 1890, communicating the sanction of Government in the Educational Department to the grant of travelling allowance to Engineer and Engineer Subordinate students, during their second year of practical instruction, when joining the divisions to which they may be posted and while employed on works, according to the usual rates for Engineers and Upper Subordinates, respectively, I beg to inquire whether it is the intention of Government to grant these students the travelling allowance admissible to apprentice Engineers, and apprentice Overseers, namely :—

I. Apprentice Engineers—

- (a) *For joining appointments.*—Travelling allowance admissible to officers of the first class as defined in Civil Service Regulations, article 1096.
- (b) *On duty.*—Daily allowance of Rs. 3 *per diem* under Civil Service Regulations, appendix 25, part I, item 103. In other respects, the travelling allowance applicable to the officers of the first class—*vide* appendix 19, "Public Works," (1) Civil Service Regulations.

II. Apprentice Overseers—

- (a) *For joining appointments.*—Travelling allowance admissible to officers of the second class as defined in article 1096 of the Civil Service Regulations.
- (b) *On duty.*—Conveyance or horse allowance not exceeding Rs. 15 per mensem with the sanction of Superintending Engineer in each case, under Civil Service Regulations, article 1183-C.

2. If this is the intention of Government, I would suggest the Government of India be informed accordingly with reference to Educational Department G.O., No. 195, dated 4th March 1890.

No. 12 D.

Forwarded to the Educational Department for consideration.

OOTACAMUND, (Signed) R. R. E. DRAKE-BROCKMAN, Lt.-Col., R.E.,
14th April 1890. Joint Secy. to Govt., P.W.D.

Reference, dated 21st April 1890.

Referred to the Director of Public Instruction for remarks.

(By Order.)

(Signed) J. F. PRICE,
Chief Secretary.

From Captain H. D. LOVE, R.E., Principal, College of Engineering, to the
Director of Public Instruction, dated Madras, 10th May 1890, No. 161-C.

Referring to your endorsement, No. 4289, dated 24th April 1890, on letter from
the Examiner, Public Works Accounts, herewith returned, I have the honor to report
that, considering the condition of pupillage of the students undergoing the practical
course on Works, and the circumstance that the grant of travelling allowance is
intended only to reimburse to them the actual travelling expenses which they may
have to incur, I am of opinion that Engineer and Engineer Subordinate students
might be deemed officers of the second and third class respectively — vide Civil Service
Regulations, article 1096,

No. 4771.

Endorsement on the above.

Submitted for the orders of Government. The Principal's recommendation is
endorsed.

MADRAS,
16th May 1890.

(Signed) H. B. GRIGG,
Director of Public Instruction.

From C. J. LYALL, Esq., C.I.E., Officiating Secretary to the Government of
India, Home Department (Education), to the Chief Secretary to the Govern-
ment of Madras, dated Simla, the 23rd May 1890, No. 154.

I am directed to acknowledge the receipt of your endorsement, No. 195, Educa-
tional, dated the 4th March last, forwarding, for confirmation, copy of the Proceedings
of the Government of Madras sanctioning the grant of travelling allowance, according
to the usual rates for Engineers and Upper Subordinates, respectively, to students of
the Engineer and Subordinate Engineer classes of the Madras College of Engineering
during their second year of practical instruction when joining the divisions to which
they may be posted, and while employed on works.

2. In reply, I am to point out that the matter should have been referred for the
orders of the Government of India before orders were passed on it. The Govern-
ment in Council, I am to say, considers that the proposal of the Madras Govern-
ment to treat the students (who, it is understood, receive only subsistence allowances)
in respect of travelling allowance as if they belonged to the classes for employment in
which they are qualifying, is too liberal. His Excellency in Council thinks that the
concession granted to the students, whether belonging to the Engineer or Subordinate
Engineer class, should be limited to travelling allowance at the rates laid down in the
Civil Service Regulations for officers of the third class. I am therefore to request
that the orders of the Madras Government may be reconsidered and travelling
allowance granted on this scale.

ORDER—dated 12th June 1890, No. 427, Educational.

With reference to the letter from the Government of India recorded above, His
Excellency the Governor in Council directs, in modification of G.O., dated 4th March
1890, No. 194, that the travelling allowance of students of the Engineer and Subor-
dinate Engineer classes be limited to the rates laid down in the Civil Service
Regulations for officers of the third class.
