1856
7TH JULY 1890, No. 1856 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper:—

Proceedings of the Board of Revenue (Land Revenue), dated 19th May 1890,
Mis. No. 3145.

THE HON. J. GROSE.

Read—the following letter from the Collector of Madura, dated 8th December
1889, No. 488.

I have the honor to submit, for the sanction of Government, estimate, &c.,
amounting to Rs. 3,295, for making additions and alterations to the Taluk Cutcherry
at Dindigul received from the Superintending Engineer, VI Circle, Trichinopoly, as
per his No. 971 M.D., dated 18th November 1889.

Reference thereon, dated 8th January 1890.

The Collector is requested to report when the Taluk Cutcherry was built, and to
state whether in his opinion the extension of the record-room is necessary. In the
standard plan 600 square feet is allowed for the record-room; with proposed addition
the area of the record-room at Dindigul will be 900 square feet.

2. It is not now considered necessary to build ryots' sheds or sub-jail latrines, and
unless the Collector can show special reasons why these buildings are required they
cannot be sanctioned.

Read—the following letter from the Sub-Collector of Madura, to the Collector of
Madura, dated 9th April 1890, No. 208.

With reference to your foot-note No. 187, dated 18th January 1890, to the
Board's Reference on General Register No. 3915, dated 8th January 1890, I have the
honor to report that the Taluk Cutcherry building at Dindigul was up to 1858 in
charge of the Military Department and used as a hospital for native sepoys. The
date of its construction is not known. The present record-room built about the year
1868 is 35 feet long and 15 feet broad which only gives an area of 525 square feet
and is not sufficiently spacious for keeping printed forms, plans, &c. I think it may be
enlarged by at least 10 feet in length, and this will give a surface of 675 square feet.

2. I also consider that a ryot's shed is absolutely necessary, as, unlike cutcherries
built upon the standard plan, there are no verandahs to the present building owing to
which village officers and parties attending the cutcherry have to resort to different
parts of the town for sitting accommodation.

3. The sub-jail latrine may, I think, be dispensed with.

The endorsement of the latter officer on the above, dated 3rd May 1890, No. 177.

Submitted to the Secretary to the Commissioners of Land Revenue, Madras, with reference to Reference on General Register No. 3915 of 1889. In the circumstances reported the enlargement of the record-room to the extent now proposed by the Sub-Collector and the building of the ryots' sheds appear to be necessary.

Resolution—dated 19th May 1890, Mis. No. 3145.

The papers will be submitted to Government with a request that the proposed additions to the record-room and the ryot's shed may be sanctioned at a cost of Rs. 2,479. It is best that the record-room should be extended as proposed. The extension of 10 feet would probably cost almost as much as the proposed enlargement and would not fully meet the requirements.

(True Copies and Extract.)

(Signed) M. HAMMICK,
Secretary.

No. 3635, Revenue.

Approved and transferred to the Public Works Department.

OOTACAMUND,
14th June 1890.

(Signed) C. A. GALTON,
Secretary to Government.

ORDER—dated 7th July 1890, No. 1856 W., Public Works.

The estimate, amounting to Rs. 2,479, for additions and alterations to the Taluk office at Dindigul in the Madura district is sanctioned.

2. The reduced amount of the estimate is due to the omission of Rs. 816 for the jail latrine which is considered unnecessary.

3. This sanction has been registered as Provincial No. 29 W. of 1890-91, and classified as Civil Buildings, Original Works.

NOTE OF REMARKS.

24.6.90

The accompanying
plan & estimate, the
latter amounting to
Rs 3,295 provide for
additions & improvements
to the taluk cashewry
at Dindigul in the
Madurai Dist.

The estimate is
divided as follows

(1) Extending the
existing record
room ————— 1,324

(2) Constructing
Nyots Shed — 1,155
Constructing Jail Latrine — 816

Total Rs 3,295

The Revenue Department
has not considered a
jail latrine necessary
the amount for the

has therefore been
struck out of the Est.:-

The amount of the
Est. now stands at
Rs 2,479 which accords
with the amount recom-
mended for sanction
in the Board's Resolution.

The particulars of
construction are as
follows:-

The foundations
& superstructure of
the Extension to the
recording room, and
the light shed are
to be built with
brick in mortar
& plastered with
2 coats of chunam.

The flooring is to be
of cement concrete $2\frac{1}{2}$ "
thick laid on a bed
of 4" of ordinary
concrete.

The roofs are to be
constructed with
flat & pan tiles &
chunam borders
supported on teak
wood rafters with
double collar pices.

The following rates
are in excess of the
rates given in the
Schedule for the
Principal Sub Division

- (1) Brick in mortar. Rs.
per 100 cft against
Rs 16 —
- (2) Tiled honeycomb work.
Rs 8 per 100 sq ft against
Rs 7 —

A date list for
brickwork is
submitted with
the Est.:-

The saving that
would be effected
in the Est. by
adopting the
Schedule rates
would be only
Rs 60 —

Contingencies &
Jelly Supervision
are provided for
at 4% each.

The Estimate has
been sanctioned

by the collector
and approved
by the Revenue
Department.

Proceedings of the Board of Revenue

(Land Revenue).

Dated 19 May 1890.

No. 3145 Mis

The Honorable J. G. G.

Read the following.

1. Letter from the Collector of Madras dated
8th October 1889 to 488.

I have the honor to
submit for the sanction of Government,
Estimate amounting to Rs. 3295 for
making additions and alterations to the
Taluk Cutcherry at Sindigul received from
the Superintending Engineer D. K. Little,
Trichinopoly, as per his to 971, M. D. dated
18th November 1889.

2. Reference thereon dated 8th January 1890.

The Collector is requested to
report when the Taluk Cutcherry was built
and to state whether in his opinion the
extension of the record room is necessary.
The plan and plan 600 square feet is
allowed for the record room. With proposed
addition the area of the record room at
Sindigul will be 900 square feet.

(2) It is not now considered necessary to build ryot's sheds or subpail latrines and unless the Collector can show special reasons why these buildings are required they cannot be sanctioned.

3. Letter from the Sub Collector of Madura to the Collector of Madura dated 9th April 1890 No. 208.

With reference to your footnote to 187 to the Board's Reference on General Register No. 3915 of 18-1-90. I have the honor to report that the Taluk Cutcherry building at Pandigul was up to 1858 in charge of the military and used as a hospital for the troops. The site of its construction is not on. The present record room built about the year 1868 is 35 feet long and 15 feet broad which only gives an area of 525 square feet and is not sufficiently spacious for keeping printed forms, plans etc.

I think it may be enlarged by at least 10 feet in length and this will give a surface of 675 square feet.

2. I also consider that a ryot's shed is absolutely necessary as, unlike Cutcheries built upon the standard plan, there are no verandahs to the present building owing to which village officers and parties attending

the Cutcherry have to resort to different parts of the town for sitting accommodation.

3. The subpail latrine may, I think, be dispensed with. 1856

The endorsement of the letter of the officer on the above dated 3rd May 1890. 1877.

Submitted to the Secretary to the Commissioners of Land Revenue Madras, with reference to Reference on General Register No. 3915 of 1889. In the circumstances reported the enlargement of the record room to the extent now proposed by the Sub Collector and the building of the ryot's sheds appear to be necessary.

Resolutions.

The papers will be submitted to Government with a request that the proposed additions to the record room and the ryot's shed may be sanctioned at a cost of Rs 2479. It is best that the record room should be extended as proposed. The extension of 10 feet would probably cost almost as much as the proposed enlargement.

and would not fully meet the requirements.
