Superintending Engineer of
Madras Command
Military Works

from

The Superintending Engineer
Madras Command Military Works

To Mr. C. Ashworth
Bangalore

Dotacamund 28th April 1890

Sir I have the honor to acknowledge the receipt of your letter of 22nd instant & to state that the Superintending Engineer of the Circle certainly & the Government of Madras apparently consider that you should not be entrusted with more contracts.

2 I do not feel myself called upon to go into the case & reverse the judgment of those officers who have already ^{carefully} done so and who were acquainted with the cir-

circumstances of the case as they occurred & I consider their decision more or less binding on me -

3 If however you can induce the Superintending Engineer to ~~consent~~ to withdraw this prohibition as to your employment or to approve or acquiesce in your employment in the new department of Military Works I shall be willing to allow your name being again entered on the list of our contractors

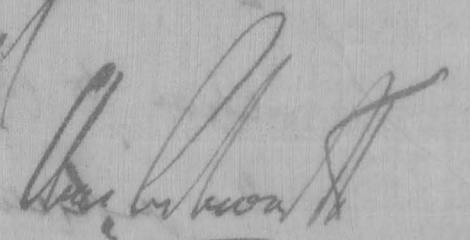

I have the honor to be

I have the honor to inform you that early this month Mr. C. Ashworth late a contractor at Bangalore upon whom I had to report last in my No. 63943/1 Jan 1890, came to me with the letter No. 1083 dated 28th April 1890 from the Superin-
tending Engineer Military Works in his hands.

As will be seen from that letter the Executive Engineer Military Works Bangalore and the Superintending Engineer

Engineer Military Works, at
Patacamund. I am to think
that Mr. Ashworth
should be re-employed
as a Contractor at Pan-
galore.

Also that the latter Officer
is in some way precluded
from accepting Mr. Ashworth's
tenders owing to supposed
intentions of the Madras
Government, or to my
intentions regarding Mr.
Ashworth.

Also that the Superintending
Engineer Military Works
has informed Mr. Ash-
worth of his reasons for
about for not now em-
ploying him as a Contractor.

3. I have the honor to
point out the great incon-
venience and trouble that
will surely arise if any
tenderers are so informed
when their tenders are re-
jected.

rejected. I believe moreover
as to the orders issued (without
having present access to the
papers on the subject) that
the Madras Government
merely declined to interfere
with the action of Superintend-
ing Engineer 5th Circle in re-
gard to Mr. Ashworth, and
if so, it is, I presume, open to
the Superintending Engineer
Military Works to exercise
his own & not my judgment
in the matter of Mr. Ashworth's
re-employment: in any case,
if he decides not to employ
him he should not give
any reasons - and I would
request you to so represent
this matter.

I have the honor to be
Sir

Yours Most Obedt Servt
