No 73

Registrar's office
Camp Krishnagiri

25th February 1876

From

M R Ry. V. Radhakrishnan
Registrar of Salem

To

The Collector of Salem

Sir,

I inspected the Sub Registrar's office Dharmapuri on the 20th and 21st Instant, and I beg to bring to your notice that the Sub Registrar's office at ~~that~~ ^{that} station is held in a portion of the old Taluk Cutcherry building, adapted and repaired at the cost of the Registration Department.

2 The other portions of the building are in a very dilapidated condition. Unless they are soon repaired and put in order they are likely to fall down and the valuable and strong materials

materials to be deteriorated.

In case it is not thought fit to repair the same it occurs to me that they may, as well be sold away in auction and the proceeds credited to Government.

3 As the roof of the portion occupied by the Sub Registrar's office is connected with the other portions fast going to decay. I feel bound in the interests of the Registration Department, to request that proper steps may at an early date, be caused to be taken to, at least, dismantle the portion of the roof, so far as it is connected with the roof of the Sub Registrar's office building lest its stability should be affected by the connection.

I have &c

No.

1890 (herewith returned) I have the honor to report that the main building and the outside verandah are in a dilapidated condition and a portion of the former has already fallen down and the rest will soon come down unless it is repaired. The materials being worn out, will not be useful for repairing the buildings and I, therefore, submit a survey report for the materials in question to obtain sanction for their sale by auction.

2 The detached building facing the Registrar's office is not included in the survey report as it is in fair condition.
