Office of the Chief Engineer
Perimeter Project
M. 2.P.R. Perimeter 6th January 1902

From, Col. J. Pennington R.E.
Chief Engineer
Perimeter Project

To, The Chief Engineer
M. 2.P.R.

Sir,
With reference to L.O. No.
3611. M. of 19th Instant I have the
honor earnestly to solicit a re-
-consideration of the decision therein
contained.

2. As I think I have already
mentioned, it was intended by me
& understood by Mr. Matthews that
his agreement should provide for
the grant of free quarters; the actual
agreement was not seen by me till
some time after its execution, but to
the best of my belief I mentioned
the

the subject of free quarters in my communications with the India office on the matter.

3. I cannot however be positive upon this point, speaking from memory, and may be mistaken, but if so, the provision of free quarters was not mentioned only because it never occurred to me as possible that they would not be provided; the idea that rent would be charged to any members of the establishment never occurred to me or to any one else, the estimate accepted by the Government of India & sanctioned by the Secretary of State providing for the full cost of quarters without any deduction on account of rent.

4. The principle of exemption from rent or additional pay in lieu thereof, has been admitted in the case of every other temporary subordinate

191-22

subordinate without exception, & it appears, to say the least, illiberal, to make an exception to the detriment of the one man who is worth all the rest of the temporary establishment put together.

5. If Mr Mathews had read his agreement from his own side on the principle implied in the decision under consideration, Cook would have suffered ^{for} loss for exceeding any sum that will be recovered from him for house rent.

6. Whenever he has seen an opportunity of making himself useful he has not stopped to consider whether the case comes within the letter of his agreement, & apart from his moral claim, which is in my opinion unquestionable, it is the worst of policy when we have been so fortunate as to get hold of a man

191-92
3

man of this stamp, to dishearten
him by illiberal treatment.

I have the honor to be
Sir,
Your most obed^t servant.

John D. ... Col. R. D.
Chief Engineer
Peterson Project

17/Jan

Sir,

With reference to
your letter No 473 TD of
7 Dec 1889. I am
directed to forward
copy of a letter from
the Chief Engineer Periyar
Project

Project No 2 P.R. dated
6 January 1890, and in
the circumstances therein
stated, to convey the
strong recommendation
of this Port: that Mr
R. J. Matthews, Machine
man & Tunneller, be
granted free quarters
while employed on
the project.
