TESTIMONIALS.
of
D. Ramanna Naidoo.

COLLEGE OF CIVIL ENGINEERING - MADRAS.

Certificate No. 137 Dated the 5th August 1864.

Certified that D. Ramanah Naidoo is duly qualified as a first class Draughtsman and Estimator in an Engineer's Office, vide Government notification of 19th August 1861.

(Signed) W. H. EDGCOME Captain R. E.
Principal C. E. College.

First class Draughtsman D. Ramana was employed as Acting Draughtsman in my Office at Waltair for 3 months and conducted himself to my entire satisfaction. I considered him intelligent and painstaking. He had also charge of considerable quantity of stores, in this capacity of Store-keeper, I found him trustworthy. He received Rs. 40 per month, the full pay of the post in which he was acting and on leaving this Office he proceeded (4th February 1865) to join his new appointment of Draughtsman in No. 2 Central Delta Range Godavery District.

Vizagapatam Executive Engineer's Office.
Waltair 28th February 1865.

(Signed) J. BEATTY Captain R. E.
Executive Engineer Vizagapatam.

I found Ramanna very very attentive and painstaking, and with more experience, he will be a very useful servant. He leaves my Range on his own request to join an appointment at his native place.

Godavery District Range No. II,
7th November 1865.

(Signed) J. W. RUNDALL.
Executive Engineer.

D. Ramana has been serving under me as Draughtsman and Estimate-maker in the 2nd Range Vizagapatam for the last 3 months, and I have been much pleased with the way in which he has acquitted himself in that period. He is a best Draughtsman and Writer and a good Estimate-maker. He is very painstaking and hard working.

Waltair
1st November 1866.

(Signed) H. Smalley Captain R. E.
Executive Engineer Vizagapatam.

D. Ramanah Naidu has been Draughtsman in the Vizagapatam Range Office, since November 1865. His conduct has always been good, and he performs the duties of his post very satisfactorily. On my recommendation he was lately appointed a Local Fund Overseer by the Superintending Engineer, but owing to the want of a competent person to take his place in the Range Office, his services there cannot yet be spared.

Waltair.
29th May 1869.

(Signed) J. BEATTY Captain R. E.
Executive Engineer Vizagapatam.

D. RAMANAH NAIDU.

Establishment.	Present Rank.	Present salary.			Remarks regarding special commendation on work of approbation.
No. II Range, Vizagapatam.	Local Fund Overseer.	60	,,	,,	A neat Draughtsman; a careful Estimator; and an intelligent Overseer.

12th August 1871.

(Signed) J. F. DORWARD Lieutt. R. E.
Executive Engineer.

Extract from the Quarterly return of 31st March 1873.

Strongly recommended to be promoted to Imperial Fund Overseer, is fully capable of filling such post efficiently much is better qualified for such position than most of the College men. His time is too much occupied to permit of his studying for the examination, which I have not the slightest doubt he would pass successfully if he had, but on opportunity to study. I strongly urge that this may be made a special case.

Gets through a vast amount of work, in an able and intelligent manner.

(Signed) W. B. deWINTON.
Assistant Engineer.
3rd February. 1877.

7
1914

Does his work thoroughly well and works very hard.

14th. February 1877.

(Signed) C. C. RAWSON. Lieut. R. E.
Assistant Engineer. in charge Eastern Division, Godavari.

D. Ramannah Naidu has whilest I have been in charge of the Range fully sustained the high character, he appears to have always borne for intelligence, capacity for work and general usefulness.

24—6—78.

(Signed) G. T. WALCH.
Executive Engineer.

Being about to leave the Godavari District, though possibly only for a time, I think it right to give a testimonial to D. Ramannah Naidu the Anicut Superintendent. I have known Ramannah since the year 1864 when he was a volunteer Draftsman in my Office; subsequently he passed the Examination for Draftsman and served first in the Central Delta Division Office Godavari under Mr. J. W. Rundall and afterwards in the Executive Engineer's Office at Vizagapatam from which he was promoted on my recommendation to Local Fund Sub Overseer. In that appointment he gave me entire satisfaction while I was Executive Engineer of No. 2 Range Vizagapatam and I believe also to my successor in charge of the Range Captain J. W. Hindle of the Staff Corps. On my removal from the Vizagapatam District to the Godavari I learnt, while taking over charge, that a new appointment that of Anicut Superintendent had just then been sanctioned by Government and on enquiry of the Range Officers I found that they were ananimously of opinion that there was no subordinate in the District fitted for the new appointment which requires a man of special qualifications. I therefore invited Ramannah to come over and take up this appointment and Captain Hindle had such a good opinion of Ramannah that altho he regretted to loose his services he would not stand in the way of his promotion. Ramannah arrived at Dowlaishweram on the 14th of August 1874 and since that time he has served under the immediate charge of the following Officers Captain. R. R. E. Brockman. R. E., Lieut. D. Mc Neil. Campbell. R. E., Mr. W. B. deWINTON., Lieut. C. C. RAWSON. R. E., and

Mr. G. T. Walch whose testimonials on record in Ramannah's Service Register shew that he has always given entire satisfaction and the testimonials are most favourable testifying to his efficiency as a Superintendent of Works his honesty and power of obtaining labor and getting work done. I have great confidence in his trustworthiness and have no doubt that if he continues to act and work as he has done hitherto he will not fail to obtain promotion in good time.

Dowlaishweram.
Dated

(Signed) J. Beatty. Lieut. Col., R. E.
Superintending Engineer Godavari.

A most useful man and has fully sustained the high Character given him.

(Signed) G. D. WYBROW.
Executive Engineer.

Executive Engineer.

Camp Godaury Anicut.
25—2—74

To
The District Engineer
Vizagapatam.

Sir,

I have the honor to forward herewith an application from L. F. Overseer D. Ramannah for the Imperial Fund Overseer-ship vacated by Mr. STEWART on promotion for your favourable consideration.

I fully concur with the commendatory remarks made by the Officers under whom Ramannah has formerly served and beg strongly to recommend his entertainment as Imperial Fund Overseer on condition of his passing the prescribed Test within a year after his appointment. I also enclose copies of Quarterly returns in which Ramannah has been favourably noticed by his superiors.

No. I or Golgonda Range Office
8th August 1874.

(Signed) F. BRICKWELL C. E.
Assistant Engineer.

No. I or Golgonda Range Office,
8th, August 1874.

This is to certify that D. Ramanna has been employed as an Overseer on works in this Range under my orders, by special arrangement, since December 1872. and that he was permanently appointed to this Range in July 1873. I consider him a good Overseer and one who will endeavour to carry out an idea new to him with persevering intelligence and energy. He has had practical training on works and his knowledge is in no way inferior to that of many College men I have known. He leaves this on promotion which he fully deserves. Had I been able to offer him such here I should have been unwilling to part with him.

(Signed) F. BRICKWELL C. E.
Assistant Engineer.

D. Ramanah Naidu served under me when I was Executive Engineer of Vizianagrum from November 1872, to July 1873, when in the exigencies of the service he was transferred to the Narsipatam Range, I was very unwilling to part with him and am really glad that he has since obtained promotion. I always found him hardworking, willing and honest, and that he took a great pride in his profession and was moreover exceedingly anxious to learn and improve himself a trait in his charactor very unlike that of most Overseers that I have had under me.

I feel no doubt that he will improve under such an Officer as Major BEATTY R. E. who has known him much longer than I have and who I know always held a very high opinion of him I wish him every success and I do not fear that he will obtain it if he continues in the path of honesty and perseverence.

(Signed) J. W. HINDLE, Captain

Offg. District Engineer Vizagapatam.

An honest painstaking and hardworking Subordinate. Has worked most satisfactorily since his appointment to this Range.

(Signed) R. R. E. BROCKMAN, Captain R. E.

Executive Engineer.

8th April 1876.

D. Ramanah Naidu was employed under me as Annicut Superintendent while I was employed in charge of the Head Works Sub-Division of No. 1 Range, Godavari, and gave entire satisfaction. I found him of the greatest assistance, and well fitted for his post.

He is active, honest, and intelligent, has a considerable acquaintance with masonry works, and is never at a loss to obtain any amount of labour.

Dowlaishweram,
8th April 1876.

(Signed) A. J. CHANCELLOR,

Assistant Engineer.

One of the best subordinates, I have met since I have been in the Department very hard working and intelligent, he has given entire satisfaction during the time he has served under me.

(Signed) D. Mac. Nel CAMPBELL, R. E. Lieut.

Executive Engineer.

No. 206

To

The Officer in charge
Eastern and Central Delta Division Godavari.

Your No. 722 of 20th July 1879.

Sir,

* * *

* * *

2 I take this opportunity to record my appreciation of the services of Anicut Superintendent D. Ramanah Naidu, and of Taluq Overseer M. Soobbarow in the construction of the Central Delta Head Sluices. They have worked daily, throughout a trying time, with an amount of zeal and activity which does them very great credit, and have taken their share of night work with ready alacrity. Their services have been quite invaluable to me, and I hope the Superintending Engineer will make favorable mention of their names to Government.

* * *

24th July 1879. (Signed) W. B. deWINTON.

Assistant Engineer in charge Head Works Sub-Division.

Ramannah Naidu was engaged with me on the construction of the Central Delta Head sluice and I cannot praise too highly his services during that trying time. The strain upon his energies was constant and he never failed to respond to it. I hope he will soon gain the substantial reward for his services he so thoroughly deserves.

8—11—79. (Signed) W. B. deWINTON.

I have known D. Ramana Naidu for 6 years and he has served under me personally as Anicut Superintendent for 2 years. He is a good, hard working man. I shall be glad to hear of his being placed on the permanent staff of the department as Overseer or Supervisor for which posts he is fully qualified.

Dowlaishweram,
25th October 1881.

19. The measures adopted by the District Engineer Mr Walch, on the occurrence of the accident to the head Sluice are deserving of full commendation, and he has been most ably and zealously assisted by every one who was called to his aid. In the first instance the work had to be undertaken by Mr Walch and Lieutt Rawson, but on the 20th Lieutt Dorward and Mr de Winton from the Western Delta arrived;

Lieutt. Rawson was sent back to Dowlaisweram to superintend the despatch of stone and Mr. Young was placed in charge of the boats from the time they were dropped by the steamers to their return empty thereto. The construction of the stone dam has been carried out by Lieutt. Dorward and Mr. deWinton and has entailed extremely hard work for three weeks, it having been found essential that they should be on the work from morning to night to personally superintend the warping of the boats into position; indeed an absence from the punts, even for a few minutes, to attend to other pressing arrangements, in several cases led to boats been carried over the fall. Sun, rain and the splashing from the stone had to be borne, and the fatigue has necessarily been very great. The Assistant Superintendent, Ramanna Naidu, has also rendered excellent service.

KEEP-WITH.

dated 18

(1) In forwarding herewith No. 405 S. of 6/6/90 from Supdg Engr. 1st Circle, & its enclosures - with complete file connected with the subject (increase of Dowlaishweram Anicut Supdt's pay from Rs 120 to Rs 140) I wish I had been given an opportunity of expressing an opinion when the matter was mooted last January.
(2) With reference to Remarks

I has apparently overlooked his remarks of 22.11.89 on No. 5375 of 18th Nov. /89.

24.6.90.

of the Hon. Mem. 12 Jany on the draft G.O. which was not approved. I think if he looks over the papers now he will see that the grounds on which the increase is recommended are not merely personal liking, but approved service — in occasions exceptionally good service — spread over many years. It is quite true that a competent man might be got for the post for Rs 120 but he would not have the sixteen years accumulated knowledge of the Anicut & head works and all connected with them during that time which Ramanah has and which is of great value to Officers who are in charge of the Eastern Division and as frequently changed — both as an Executive En. & a Sup. Eng. I found that knowledge of Ramanah's of great value.

3. I recommend, not that the pay of the post shall be raised, but that in the way suggested by Col. Mullins in his Memo. pasted in Ramanah's petition a personal allowance of Rs 20 be granted to Ramanah Naidu.
