1936/3

ORDER—dated 17th July 1890, No. 1936 W., Public Works.

With the papers above recorded, Superintending Engineers and the Consulting Architect to Government submit statements of demands under Imperial, Military and Civil, for incomplete works of 1889-90, and for new works proposed to be undertaken in the current official year.

2. The demands under Imperial Military amount to :—

	RS.
Incomplete minor works	3,056
New minor works	17,528
Incomplete major works	8,001
New major works	14,709
Total ...	43,294

3. A sum of Rs. 5,000 was reserved in the budget for incomplete major and minor works at stations in charge of the Public Works Department. The demands for incomplete works alone with the exception of item 9 for which no appropriation is necessary under Code para. 1908, part III, amount to Rs. 10,567. As the incomplete works of previous years cannot be postponed without serious loss to the State, funds have been provided for them to the extent of the available grant, viz., Rs. 5,000, and the Government of India will be requested to provide the balance of Rs. 5,567. No provision has been made for any of the new works proposed for execution during the current official year, as funds are not available with the Government, and as it is not likely that the Government of India will be able to provide the required amount.

4. The Superintending Engineers, I and IV Circles, apply for the following allotments under repairs in addition to those provided in the budget. As the grants applied for appear to be necessary, the Government of India will be requested to provide the amount :—

	RS.
Godávari Eastern division	250
Coimbatore division	6,000
West Coast do.	4,000
Total ...	10,250

5. Superintending Engineers will apply to General officers commanding divisions and districts, &c., for the allotments required for such new minor works under Imperial Military as may be considered urgent.

6. With reference to paras. 3 and 4 of these Proceedings, the Government of India, Military Department, will be requested to place a sum of Rs. 19,692 as shown below at the disposal of this Government :—

	RS.
Incomplete major works	5,567
Repairs	10,250
Establishment	3,638
Tools and Plant	237
Total ...	19,692

7. The Consulting Architect to Government applies for grants for minor works under Imperial, Civil Works, Postal and Telegraph. In the case of item No. 1, no appropriation is necessary under Code para. 1908, part III. With regard to items 2 and 3 the attention of the Consulting Architect will be drawn to para. 4 of G.O., No. 1173 W., dated 21st April 1890, under which that officer should apply to the Directors-General concerned for the grants required for Postal and Telegraph minor works. The Superintending Engineer, IV Circle, will apply to the Director-General of the Post office of India for the sum of Rs. 100 required for Postal minor works in the West Coast division.

8. The following allotments are sanctioned from the reserve with the Government under Imperial, Civil Works, Telegraph repairs :—

	RS.
Negapatam division	100
Tinnevelly do.	40
Total ...	140

9. A sum of Rs. 100 is allotted to the Trichinopoly division from the reserve with the Government under Imperial, Civil Works, Postal repairs. As there are no funds available with the Government to provide the other allotments applied for under Postal repairs, the Government of India, Public Works Department, will be requested to allot the amount required as shown below :—

	RS.
Ganjam division	400
Godávari Eastern division	160
Negapatam division	150
Madura do.	300
Tinnevelly do.	300
	1,310
Establishment and Tools and Plant ...	320
Total ...	1,630

10. The expenditure on repairs to the salt factory bund at Voyalur during 1889-90 was Rs. 5,793 and a sum of Rs. 1,623 is reported to be required for its completion during the current official year. The Government of India, Public Works Department, will be requested, with reference to its letter No. 620 (Finance and Commerce), dated 8th February 1890, to provide Rs. 2,020, inclusive of establishment and tools and plant charges.

11. Superintending Engineers are requested to estimate the requirements under repairs more carefully in future and to include the same in their budget estimates.

12. A copy of these Proceedings will be forwarded to the Government of India, Military and Public Works Departments, with the request, that the allotments referred to in paras. 6, 9 and 10, respectively, may be placed at the disposal of this Government as early as practicable.

From the Consg Archt to Government, dated 13th June 1890, No. 773.

J.A.S.
14/7/90

With the papers above recorded, Supg Engineers & the Consg Architect to Government submit statements of demands under Imperial Military and Civil for Incomplete works of 1889-90, and for new works proposed to be undertaken in the current official year.

2. The demands under Imperial Military amount

amount to

	Rs
Incomplete minor works –	3,056
New minor works –	17,528
Incomplete major works –	8,001
New major works –	14,709
Total Rs.	43,294

3. A sum of Rs 5,000 was reserved in the budget for incomplete major & minor works at stations in charge of the Public Works Department. The demands for incomplete works alone with the exception of item 9 for which no appropriation is necessary under Code para 190, para III amount to Rs 10,567. As the incomplete works of previous years cannot be postponed without serious loss to the State, funds have been provided for them to the extent of the available grant viz

Rs

Rs 5,000 and the Govt of India will be requested to provide the balance of Rs 5,567. No provision has been made for any of the new works proposed for execution during the current official year, as funds are not available with the Government, and as it is not likely that the Govt of India will be able to provide the required amount.

4. The Supdg Engrs. I and III Circles apply for the following allotments under Repairs in addition to those provided in the budget. As the grants applied for appear to be necessary the Government of India will be requested to provide the amount.

	Rs
Godavari Eastern Dn. –	250
Coimbatore Dn. –	6,000
West Coast Dn. –	4,000
Total Rs	10,250

5 – Supdg

5. Superintending Engineers will apply to General officers Commanding Divisions and Districts &c for the allotments required for such new minor works under Imperial Military as may be considered urgent.

6. With reference to paras 3 and 4 of these Proceedings, the Govt of India, Military Department will be requested to place a sum of Rs 19,692 as shown below at the disposal of this Govt.—

	Rs
Incomplete Major Works	5,567
Repairs	10,250
	15,817
Establishment	3,638
Tools & Plant	237
Total Rs	19,692

7. The Consulting Architect to Government applies for grants for minor works under

Imperial

Imperial, Civil Works, Postal and Telegraph. In the case of item No 1 no appropriation is necessary under Code para 908 Part III. With regard to items 2 & 3 the attention of the Cons. Architect will be drawn to para 4 of G.O. No 1173 W dated 21st April 1890 under which that officer should apply to the Directors General concerned for the grants required for Postal & Telegraph minor works. The Supg Engineer W Circle will apply to the Director General of the India Post office for the sum of Rs 180 required for Postal minor works in the West Coast Division.

8. The following allotments are sanctioned from the reserve with the Government under Imperial

Imperial Civil Works Telegraph, Repairs.

	Rs
Negapatam Dn.	120
Tinnevelly	40
Total Rs	140.

9. A sum of Rs 100 is allotted to the Trichinopoly Division from the reserve with the Government under Imperial, Civil Works, Postal Repairs. As there are no funds available with the Government to provide the other allotments applied for under Postal Repairs, the Government of India, Public Works Deptt, will be requested to allot the amount required as shown below:—

	Rs
Ganjam Dn.	400
Godavari Eastern	160
Negapatam	150
Madura	320
Tinnevelly	320
	1,310
Estabt & Tools & Plant,	320
Total	1,630

10. The

12P 1936/31

10. The expenditure on repairs to the Salt factory bund at Vayalur during 1889-90 was Rs 5,193 and a sum of Rs 1,623 is reported to be required for its completion during the current official year. The Govt of India, P.W. Department, will be requested with reference to its letter No. 620 (Finance and Commerce) dated 8th Feby 1890 to provide Rs 2,020 inclusive of Establishment and Tools and Plant charges.

11. Superintending Engineers are requested to estimate the requirements under Repairs more carefully in future and to include the same in their budget estimates.

12. A copy of these Proceedings will be forwarded to the Govt of India

of India, Military and Public Works Departments with the request that the allotments referred to in paras 6, 9 and 10 respectively may be placed at the disposal of this Government as early as practicable.
