18TH JULY 1890, No. 1952 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following papers :—

From Colonel H. SMALLEY, R.E., Superintending Engineer, III Circle, to the Chief Engineer, Public Works Department, dated Bellary, 24th April 1890, No. 163.

I have the honor to report that I find it is almost impossible to get the Sub-Magistrate's Cutcherry at Piler in the Cuddapah division constructed now in consequence of the operations of the Villupuram-Guntakal Railway in the neighbourhood. No contractor will tender for the work at our rates, which are the normal rates hitherto in force in these parts. The work could only be done now departmentally, and that very slowly, and we should have great difficulty in getting it properly supervised with our present very limited establishments. In fact, departmental work is almost out of the question now-a-days. I met the Collector of the district this morning and explained the difficulty, which he at once admitted as sound; and he said the Sub-Magistrate at Piler might wait without a new cutcherry for another year; and in that case the funds should be transferred to the sanctioned estimate for constructing a new Taluk Cutcherry at Cuddapah which he said was much more urgently wanted. I have, therefore, the honor to request that the grant of Rs. 6,000 in the budget for the current year may be transferred from Piler Sub-Magistrate's Cutcherry to Cuddapah Taluk Cutcherry where at least a good beginning could be made with the work this year.

Proceedings of the Board of Revenue (Land Revenue), dated 26th June 1890, Mis. No. 4065.

THE HON. J. GOSSE.

Read—endorsement of the Secretary to Government, Revenue Department, dated 16th May 1890, No. 3024; and the following Reference thereon, dated 2nd June 1890 :—

Referred to the Collector, Cuddapah, for the favor of an early statement of his views.

Read—also endorsement of the same officer, dated 5th June 1890, No. 3447.

Read—also the following letter from E. J. SEWELL, Esq., Acting Collector of Cuddapah, to the Secretary to the Commissioners of Land Revenue, dated Cuddapah, 10th June 1890, No. 2840 :—

[Reference on Government Register No. 1084 of 1890.]

With reference to the above, I have the honor to state that the difficulty described by the Superintending Engineer is felt by all employers of labor in the neighbourhood of Villupuram-Guntakal Railway. Artisans can with great difficulty be obtained at all, and when obtained their services cannot be secured at the usual rates. The Local Fund Engineer has been unable to carry out a sanctioned estimate for re-roofing and repairing the Local Fund Dispensary at Piler for this very reason.

2. It is much to be regretted that this should be so, for the new Sub-Magistrate's office at Pilér is very much needed. The present office is one of the worst I have ever seen, still there is little probability of the work being done this year and that being so, it would, in my opinion, be well to get the grant transferred to the new Taluk Cutcherry and Town Sub-Magistrate's office at Cuddapah the erection of which has been sanctioned.

3. The Town Sub-Magistrate's office is held in a rented building and the Taluk Cutcherry is a very small and unsuitable building. The sooner both can be replaced by the new sanctioned office the better.

4. My interview with Colonel Smalley was a hurried one in passing on the road and he must have misunderstood me when he states that I considered that the Taluk Cutcherry was more urgently wanted than the building at Pilér. I knew that the difficulties he spoke of in getting any work done at all at Pilér were real and taking it for granted that they were as he stated practically insuperable, I said that the next best thing to do with the money was to utilise it for the new Taluk Cutcherry at Cuddapah which was also much wanted.

5. This appears to me to be the best thing to do.

Resolution—dated 26th June 1890, Mis. No. 4065.

Submitted to Government with reference to its endorsements, dated 16th May and 5th June 1890, Nos. 3024 and 3447, respectively.

2. The Board agrees with the Collector in considering that, in the circumstances, the grant for the Deputy Tahsildar's office at Pilér may be utilised for the erection of the Taluk Cutcherry at Cuddapah.

MADRAS.

Sir,

Reference is made to Govt. Order No. 1066 of 1890.

Sir, With reference to the above I have the honor to state that the difficulty described by the Superintending Engineer is felt by all employers of labor in the neighbourhood of Bellurpura - Guntakal Railway. Artisans can with great difficulty be obtained at all, and when obtained their services cannot be secured at the usual rates. The local fund Engineer has been unable to carry out a sanctioned estimate for roofing and repairing the local fund Dispensary at Piler for this very season.

2. It is much to be regretted that this should be so, for the new Sub-Magistrate's Office at Piler is very much needed. The present Office is one of the worst I have ever seen. Still there is little probability of the work being done this year and that being so, it would in my opinion be well to get the grant transferred to the new Taluk Cutcherry and Town Sub-Magistrate's Office at Cuddapah the erection of which has been sanctioned.

3. The Town Sub-Magistrate's Office is held in a rented building and the Taluk Cutcherry is a very small and unsuitable building. The sooner both can be replaced by the new sanctioned Office the better.

4. My interview with Col. Smalley was a hurried one in passing on the road and he must have misunderstood me when he states that I considered that
