GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Military Works.
Account.

READ—the following paper:—

From Major-General E. H. H. COLLEN, C.I.E., Secretary to the Government of India, Military Department, to the Secretary to the Government of Madras, Public Works Department, dated Simla, 16th June 1890, No. 1441 M.W.

I am directed to acknowledge the receipt of the Proceedings of the Government of Madras, No. 1261 W., of the 2nd May 1890, forwarding the final issue of the budget estimate of Imperial Military Works in Madras for 1890-91, together with a statement of the requirements for military works, the control of which will remain with the Madras Government.

2. In reply, I am to state, with reference to para. 8 of Military Department Resolution No. 815 M.W. of the 25th March last, that a sum of Rs. 1,00,400 is hereby placed at the disposal of the Government of Madras for expenditure during the current year on military works, which will not be executed by the agency of the Military Works Department. The balance of the grant of Rs. 7,04,200, sanctioned in the resolution of the Government of India quoted above, will remain at the disposal of the Inspector-General of Military Works.

3. As regards the distribution of the sum of Rs. 20,000 set apart for new minor works, I am to point out that the procedure ordered in para. 14 of the Resolution* of the Madras Government is at variance with that in force in the Military Works Department. The grant should be entirely at the disposal of the Inspector-General of Military Works, and should be distributed by him to Officers Commanding divisions and districts, Superintending Engineers and the Commissary-General. Even in the case of stations not under the Military Works Department, the Government of India consider that it will be more convenient if funds for minor works are given to the local Public Works officers from the allotments placed by the Inspector-General, Military Works, at the disposal of General Officers Commanding divisions and districts, &c. As a guide in making these allotments, I am to request that the Government of India may be favored with the opinion of His Excellency the Governor in Council regarding the amounts required by the several authorities empowered to sanction minor and petty works, or that the necessary information may be given to the Superintending Engineer, Military Works, Madras Command, for communication to the Inspector-General of Military Works, whichever course is deemed preferable by His Excellency in Council.

* No. 1260 P.W., dated 2nd May 1890.

Copy of the above, with a copy of the budget estimate and statement referred to, forwarded to the Inspector-General, Military Works, with the intimation that the modification sanctioned in the foregoing letter reduces the grant placed at his disposal in para. 7 of Military Department Resolution No. 815 M.W., dated the 25th March 1890, to Rs. 6,03,800.

Copy to the Accountant-General, Public Works Department.

ORDER—dated 18th July 1890, No. 1960 W., Public Works.

The foregoing letter from the Government of India, Military Department, will be communicated to officers concerned, for information and guidance, with reference to G.O., No. 1260 W., dated 2nd May 1890.

2. His Excellency the Governor in Council approves of the procedure suggested by the Government of India, that the grants for minor works at stations not in charge of the Military Works Department should be given to local Public Works officers from the allotments placed at the disposal of General Officers Commanding divisions and districts, &c., by the Inspector-General of Military Works.

3. The Military Department will be requested to obtain the opinion of His Excellency the Commander-in-Chief regarding the amounts required by the several authorities empowered to sanction minor and petty works, and to communicate the same to the Public Works Department.

4. In distributing the allotment for minor works among General Officers Commanding divisions and districts, &c., the Inspector-General of Military Works will be requested to place at the disposal of those officers both the grants for works and the percentage charges for establishment and tools and plant.

5. Ordered that a copy of these Proceedings be forwarded to the Government of India, Military Department, for information.
