The Asst. Engineer

In charge of Wynaad Sub Divn D.P.W.

Vythiri.

Sir

I have the honour to enclose a copy of an order I received from the Commr. Salt and Abkari Revenue directing me to report myself for duty to the Inspector Ennore Circle.

I may add in explanation that I was reported for insubordination and dismissed by the Commissioner, but I appealed against the dismissal and was re-instated by Government and no fault was assigned to me.

2. When appealing to Government I requested that if reinstated I may be sent to the Public Works Department or any other department than the Salt. Further I obtained the permission of the Commissioner to seek employment in the D.P.W. or some other Dept. (vide copy of Commr's proceedings enclosed) I prefer remaining in the Public Works Dept. and request that the necessary steps may be taken to effect my transfer from the Salt to the D.P.W. so that I may not lose any of the

the eighteen years pensionable service
that I have rendered to Government

I have the honour to be

Sir,

I have the honor to inform you that Mr Gorman joined my subdivision on the 5th February 1890. I found that in the way he had spent within a few days of a month in Calicut where he said he had been ill with gastric fever. He had nothing to show for this, no medical certificate nor could he he produce one and as I had been so hard up for men I was very much displeased with him.

2. I heard of his arrival about the 10th whilst I was in camp and when I reached Vythery I sent him out to Devala managing to get him started about the 17th February.

3. As he was particularly hard up for money and had behaved so queerly I gave him no imprest but put him on to some survey work. This he did very slowly and I had always to be stirring him up. I found him very difficult to move about. Most of these small surveys have had to be redone since as they were very inaccurate.

4. I found out then that he had been trying to borrow money from the Contractor's writer. I knew he was hard up and at Cherambaddi he came to me and said he had no money to pay his bandies with and so I paid them myself Rs 20, which I note is still due and he said he was then alright until some pay came in as he could borrow in the bazaar. The first week he got Rs 10-.- as a loan. Mr. Verham giving it him privately and considering it as such but the next sunday he asked for twenty and the next after that. Of course this was all reported to me.

5. I hardly know what to think of the above as it may be looked at in so many different lights but take it as it should be that no evil is meant still it is sure in the end to end in a row and must in some way or other, considering the class of man, become mixed up with public duties.

6. When I was wired to relieve Mr. Gorman I ordered him to give over orders in minute detail to Mr. Gopaul Iah the Suboverseer. This subordinate could not do so much as to get him out on the work and this necessitated my, at great inconvenience, going there to repeat orders as given to Mr. Gorman

7. Altogether I was much relieved to

to be rid of the man as there is nothing more I detest than, when I have a lot of work, to have to spend such time as I have for past to looking after a suspicious subordinate and there is no end to the rows he may get you in. Better get rid of him at once.

8. In conclusion I should, from my short experience of him, judge that Mr. Gorman's talents are very much more likely to enable him to shine in the Salt than in the P.W.D.

I have &ca.

Mr. Gorman joined the Wynaad Subdivision on the 5th February 1890 and left it on transfer to Ooty on the 21st March 1890.

On the 21st March Mr. Allen forwarded without a word of remark Mr. Gorman's application to continue in the P.W. department. His application was also backed by Colonel A. T. Fraser R.E.

As Mr. Gorman only served 1 month and 16 days in the Wynaad Subdivision it might be as well to obtain the opinion of the sub divisional officer, Ootacamund, under whom Mr. Gorman has since served.

26.6

Mr. Gorman's remissness can be explained by the fact that he drew no pay at all for the last year, and was on subsistence allowance for the greater part of the previous year. He bore a very good character when he was in the Rev Depts. before.

26.6

Mr Bragg informs me that he had the same difficulty on a similar occasion in getting Mr Gorman out on the work when he wanted to go his inspection. This was last May [illegible] in June after he had been [illegible] of pay for 3 months or so.

I think the S.D.O. [illegible] has already given you his opinion regarding Mr Gorman, but if you approve, this might be asked for officially. It would be hardly correct however to refer to a sub divl officer, after the S.E. of the Circle has made a recommendation.

Another plan would be to permit Mr Gorman to remain in the dept. for six months, subject to a report from
