V.D.

From

Rui Sahib H. Ratnasathapali P.
Ant. Eng. 1st grade.

To G. Z. Welch Esquire M.C.
Secy to Govt. P.W. D.
Kurnool

Thru Executive Engineer
Kurnool Co.

Superior Recording Eng.
1st Circle.

Sir,

I have the honor to ac-
knowledge the follo-
wing to your benign and
impartial consideration.

I joined service in Apr
1874 as a Probationary
Asst. Engineer and was
confirmed in Mar
1876 as an Assistant
Engineer of the 3rd grade.

I secured my promotion to my present grade (1st) in October 1881, and in July 1882 I was appointed officiating Executive Engineer in 4th grade for charge of the B. Project Division, in which capacity I continued to discharge my duties, preparing almost the whole of the Varian Project plans and estimates till in November of that year Captain [illegible] [illegible] the permanent Executive Engineer resumed charge of the office. Subsequent to this I fell seriously ill of malaria and had to be absent from duty for more than six

27/2
six months. In a few months after my ^{return to} in August 1883, I was sent to South Arcot where I remained in charge of the Viidh Chelam sub division and had the good fortune to be serving in your direct orders in giving satisfaction during the trying of the floods of November and December 1884 afterwards.

After a short service in the Krishna Western, had to take a year furlough, from which I returned to duty in October 1887. I have since twice acted in charge of Divisions, once in the Buckingham

Canal for over 6
months and lately
again in charge of
the Kurnool Canal
for over two months.

but unfortunately
me my claims
a promotion have
remained up to date
noticed.

Although it may
said that temporary
and sub. pro. tem. pro.
motions are not cal-
culated to affect any
person's claims on oc-
casions of permanent
vacancies, yet on ac-
count of the pecuniary
loss I am put to
tribe, if not for
anything else, I
am

Am compelled to put
forth my grievances,
and solicit that
my claims of service
and seniority may
be duly considered
and my grievances
redressed by granting
me my due promotion.
I have the honor
to be Sir

Your most Obedient
Servant

Rathnasabapathy
Asst. Eng.

No 2984

It is forwarded to the Chief Engineer P.W. Department
as requested. The Superintending Engineer has talked
the matter over with the Assistant Engineer and
told him that in his opinion the only instance
in which he has been passed over that is not
capable of explanation is by Mr. S. Gopalakrishna
- Kristner B.L.C. In the instances of Royal
- Engineers and Cooper's Hill & Co. & Co.
- Engineers, Mr. Rathnasabapathy P.E.

For orders. The last confidential report on this Assistant Engineer is put up.

M.
11.1

I should like to see any previous Conf: reports on this Officer.

Quert
11.1.90

Previous reports put up.

From what little I have seen or heard of Natus. Subapathy Pillai, I do not entertain a high opinion of his energy

or the interest he takes
in his work. I cer.
tainly do not consider
him fit for independent
charge of a Division.

P. 100

20/10

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following

Endorsement by the Supply Engineer III Circle No. 2984
in favour of Rai Sahib et. Dabur.
Dabur, 1900, Supply Engineer I grade dated
10th Nov. 1900 No. 273.

The Government

I think exception must be taken
to Mr. Haulley's dictum that
Native Assist. Engrs must
be run over in the interests
of R.E. & Cooper's workmen.
The reports on Ruknarabha
Nati are not unfavourable
& show no sign of want of
energy or interest in his
work. I don't see why he
should not be tried as E.E.
when his turn comes. He
seems to have had only one
short trial as P.E. says he has no fault to find
with him.

is not prepared to appoint
Rai Sahib et. Dabur as
Chapati Pilla. I think
it is independent change
of a Division until he is
more fit in the
discharge of his duties and
takes more interest in his
work.

PUBLIC WORKS DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

22nd Jan'y 1890

Read the following

Endorsement by the Supt. Engineer III Circle, No. 2984 dated 6th January 1890, on appeal from Rai Sahib N. Ratnasabhapati Pillai B.A., B.C.E., Assistant Engineer First Grade, dated 5th October 1889, No. 373.

The claims of Rai Sahib N. Ratnasabhapati Pillai, B.C.E., Assistant Engineer, First Grade, for promotion to the Executive Engineer Grade will be considered on the occurrence of the next vacancy.

2. The Government does not at all endorse Colonel Smalley's dictum that native Assistant Engineers must be passed over in the interests of Royal Engineers and Cooper's Hill College men.

Supt. S. III Circle
