No. 1656 G.

GOVERNMENT OF INDIA
PUBLIC WORKS DEPARTMENT.
GENERAL.

To

The Secretary to the Government of Madras
Public Works Department.

Simla, the 23rd June 1890.

Sir,

In your classified List corrected to
31st December 1889 the scale for Executive
and Assistant Engineers is shown as—

Executive Engineers	1 st Grade	12 ✓
"	2 nd "	11 ✓
"	3 rd "	12 ✓
"	4 th "	5 ✓
Assistant Engineers	1 st "	32 ✓
"	2 nd "	7 ✓

These figures have apparently been arrived
at by including the extra Superintending
Engineers' post held by Colonel Pennycook
in working your scale. This I am to point
out

Dr. J. C. ...
6653/90

out is irregular, as under the instructions communicated in Public Works Department No 3050 G. dated 30th November 1888, this appointment was to be considered as wholly outside the scale and Colonel Perryman was to be treated as seconded on the list.

2. This irregular working of your Scale seems to have resulted in an additional 1st Grade Executive post. I am directed to request that the Examiner Public Works Accounts may be called on to explain how he came to pass the excess; I am also to enquire whether Public Works Department No 3050 G. of 30th November 1888 was communicated to him.

3. It is further observed from your classified list that the following Sub. pro. tem steps have been made:

To Executive Engineer, 1st Grade 2
 " " 2nd " 2
 " " 3rd " 4
 " " 4th " 4
 Assistant Engineer 1st " 3

There are two officers seconded above the 1st Grade viz Colonel ~~Perryman~~ ^{Perryman} and Colonel

Rowen and one Mr. Vincent in the lower grades, but no more, so far as is known. This would give 3 Sub. pro. tem steps in the 2nd and lower grades whereas four have been allowed in the 3rd and 4th grades. The apparent excess in the two latter grades should be explained.

4. Your temporary promotions too would appear to be in excess of scale as from the following table.

	No in each grade	On the list and temporary at present	On the list and temporary at present	On the list and temporary at present	On the list and temporary at present	On the list and temporary at present	On the list and temporary at present	On the list and temporary at present	On the list and temporary at present
Exec Eng 1 st Grade	12	2	1	5	7	11			
" 2 nd "	10	2	1	2	8	11			
" 3 rd "	12	1	1	2	10	12			
" 4 th "	5	1	1	1	4	5			
Total					29	39			
Add Asst Eng 1 st Grade					4				
" " 2 nd "					4				
Total					20	41			

If this is so the excess should be adjusted

adjusted. A Nominal roll of your Engineer-
ing Establishment shewing the above
excesses is forwarded herewith.

Paras 1 and 2 of the letter
of the Government of India. The
Government of India is mistaken in
supposing that the scale given by them
in para 1 of their letter and shown also
in the Classified List corrected up to
31st December 1889 was arrived at by
the inclusion of the extra Superintend-
ing Engineer's post held by Colonel
J. Pennycook R.E. in connection
with the Periyar Project. The scale
was arrived at with reference to the
total number (79) of Executive and
Assistant Engineers including Major
Doward R.E. whom the Government
of India have apparently not taken
into account. An intimation of
Major Doward's reversion to the home
Establishment with effect from 22nd
October 1889 was received only in Febru-
ary 1890 (vide G.O. N^o 561 W, of 20th

Put in a circular from the
Genl Secy to the Govt of India
and
16.11.90.

with 976-76827.3.90
sent to the
10.4.90.

Engineer 3rd grade, on leave with
out allowances from 24th May 1888
to 13th December 1889)

intimation of Mr. Traill's return from
leave on 11th December 1889 was received
in the Examiner's Office about 10th
January 1890. As the reversions neces-
sary consequent on Mr. Traill's return
were made in the Gazette of 21st January
1890, Part I page 58, notification No.
595 i.e. subsequent to the publication
of the Classified List, the necessary
corrections could not be made in the
Classified List corrected up to 31st
December 1889, and the removal of the
remarks "on leave" against his name,
concealed the justification of the sub-pro-
tem promotion in his place. It would
perhaps have been better to have left
the remark standing adding a foot-
note stating that his return had been
since reported and explaining why the
remark was allowed to stand.

3. Para 4 of the letter of the Govern-
ment of India. The entries in
the table given by the Government of
India are not correct. Major Boddy
is shown as on duty whereas he was on
furlough at the time, and though Mr.
Traill is correctly shown as on duty,

February 1890) (i.e.) after issue of the
classified List corrected up to 31st December
1889 he was of course included in the
Classified List. Immediately on re-
ceipt of intimation of Major Downard's
reversion to the home establishment, I
pointed out the consequent reduction of
scale in the 1st grade of Executive Engi-
neers by one, as also the necessity of
reversions, (see the return of charges for
the fortnight ended 15th February 1890).
These reversions have not as yet been
made by Government and it is under-
stood that the question of reversions &c.
has been referred by Government for the
orders of the Government of India, and
by the latter Government to the Secretary
of State.

2. Para 3 of the letter of the
Government of India. Sub-pro-tem
steps have been given in place of the
following officers:-

- To the Executive } 2 (one vice Colonel Bourne
Engineer 1st grade } and the other vice
Colonel Pannycuik)
- To Executive Engi- } 3 (— — — — and the
neer 2nd grade } 3rd vice Mr Vincent
lent to the Government
of India)
- To Executive Engi- } 1 (— — — —
neer 3rd grade } — — — —
and the 1st vice
Mr Traill, Executive
Engineer

as explained above, the reversions consequent on his return were not notified at the time the Classified List was prepared, and for the purpose of verifying promotions he should have been treated as on furlough. This however was not known to the Government of India. In the nominal roll of the Engineer Establishment forwarded by the Government of India, the name of Mr Whiteley has been omitted under "Temporary rank" in the 4th grade of Executive Engineers. The following table, with explanatory notes where necessary, will show that there has been no excess of scale as noticed by the Government of India:-

Grade	N ^o . in each grade	On furlough and temporary superintending Engineers	On deputation or sub-pro tem superintending Engineers	Total absent	Actually present	Sanction
Executive Engineers 1 st Grade	12	1 (b) 3	1 (c) 2	5	7	12

4. Subject to the approval of Government, I will arrange that in future Classified Lists any apparent

excesses due to late gazetting of necessary
provisions shall be explained by suitable
foot notes or marginal remarks.
