K. E. W.

Supg. Engineer's Office, Circle,
Coimbatore 7th January 1890

From

Major D. Mc Neil Campbell R.E.,
Superintending Engineer,
Fourth Circle.

To

The Chief Engineer,
P. W. Department.

Sir,

Enclosure 1
1. Estimate.

I have the honor to submit for
early sanction an estimate amounting
to Rs. 765 for improvements to the ^{sanitary} Noddy
Nurses at Wellington lately completed.

2. This estimate has been framed
at the request of the Quarter Master General.
It provides for continuous iron guttering
at the eaves with down fall pipes and
masonry drains all round the building.
These are absolutely necessary but were
not provided for in the Original estimate
sanctioned in G.O. 13352 W of 8th November
1888.

3. The estimate has been approved
by

by Lady Roberts and countersigned by
the Quarter Master General, who has placed
the amount of the estimate at the disposal
of the Executive Engineer Nilgiri Division.

4. The work has been put in hand
by the Executive Engineer at the desire of
the Military authorities in anticipation
of sanction to the estimate.

5. No provision has been made
towards the usual contribution to Tools
and Plant and establishment, under the
impression that Government will be
pleased to order the execution of the work
by this Department without charge, as
has been the case with the construction
of the Quarters, vide G.O. No 1389 W of 12th
May 1888.

I have the honor to be,
Sir,

Your most obed^t serv^t,

J. M. Campbell Major R.E.,
Superintending Engineer, IV Circle

Encls: 1.

Quarters for Lady nurses
at Wellington
Submitting for sanc-
tion an estimate amount-
ing to Rs. 765 for improve-
ments to the — lately
completed.

No. 210 Wd/22-1-1890

H. W. 17-1-90 R.B. 190

Public Works Department.

Current No. 190

Letter No. 7 E. W.

Dated 7th January 1890

From the Supy. Engineer II Circle

The work has been carried
out free of charge, in pursu-
ance of the order of the
Director of Public Works, 10.1.90

The estimate under
review amounting to
Rs. 765 provided for im-
provements to the Lady
Nurses Quarters at
Wellington.

It is proposed to fit
the main & subsidiary
sanitary drains with continuous
iron guttering & fall pipes,
and to construct an
brick drain 4' x 6" round
the buildings with an
outlet drain discharging
on the North side.

The rates for the work
specified in the Estimate
cannot be checked
as there are no corresponding
items in the Schedule
of rates for the Public
Works Division.

It is stated in the
Supy. Engineer's letter
that the Est. has been
approved by Lady
Robertson, and that it

has been countermanded by the Quarter Master General but it has not as yet been approved by Govt. in the Military Dept.:-

The work has been commenced in anticipation of sanction. No provision has been made in the estimate for Tools & Plant work. Establishment charges. It being understood that this work would be carried out without these charges, as has been done in the case of the Quarter Master's work in G.O.

No 1389 M. of 12th May 1890.

As the cost of the work has been apparently met from Imperial Fund it may be necessary that the approval of Govt. in the Military Dept. should be obtained to the Govt.:-

Yours

10-1-90

The cost is met by a fund raised by Lady Roberts from private subscriptions. It will be sufficient of itself to maintain the S.E. to carry out the work without charge for supervision.
