I have the honor to bring to your notice that, in the final issue of the Incorporated Local Fund budget received with G.O., No. 1262 W., dated the 2nd May 1890, the construction of an iron girder bridge over the Mattalapalem salt creek has been included as a work to be executed by this department. I beg to invite your attention to G.O., No. 3615 W., dated the 19th December 1889, from which it will be seen that it has been decided that the work should be carried out by the Godavari District Board's Engineer, and to request, therefore, that the work may be expunged from the budget and the allotment placed at the disposal of the Local Fund Engineer.

Referred to the Revenue Department, for favor of opinion, whether the grant provided for expenditure on the work during the current official year in the Public Works Department budget may be surrendered to that department, in view to the Accountant-General being instructed to place the amount at the disposal of the Godavari District Board.
