PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper

Letter from the Inspector General of Registration, Madras, dated 3rd July 1890, No. 2600.

The Registrar of the Trichinopoly District has brought to my notice that a new building on the standard plan has to be provided for the sub-registrar's office at Orairur, which was opened under G.O. dated 26th August 1886, No. 2282, Judicial, but that, if the office be removed to the Trichinopoly Fort, which is within a mile's distance from Orairur, the cost of a new building can be saved, as the sub-registrar can hold his office either in the old Munsiff's Court now vacant, or in the District Registrar's office itself.

2. A new building on the standard plan will cost between Rs 2,500 and Rs 3,000. Besides the saving of this expenditure, I consider the proposed transfer very desirable because, the sub-registrar will be under the immediate supervision of the Registrar and can take charge of the Registrar's office, without prejudice to his own duties, when the latter officer has to leave his station on inspection duty or for the purpose of making any special enquiry into the conduct of officers under his control.

3. In his letter printed in G.O. dated 26th August

not annexed
J.M.
5.11.1890

August 1886, No 2282, Judicial, Mr Hammett stated that the saving in distance to the people of the villages constituting the Braiyur Sub-district by locating the office at Braiyur would be about 6 miles, but this could not be the case, as the distance of Braiyur from the Trichinopoly Fort is less than a mile. From the accompanying list submitted by the Registrar it will be seen that more than half the number of villages are equidistant from Braiyur and the Trichinopoly Fort. There is no doubt but the inhabitants of all the villages except Braiyur, would prefer to go to the Trichinopoly Fort for registering their documents, as the Talag Cutcherry and the Munsiff's Court are located there.

4. If the Braiyur office be transferred to the Trichinopoly Fort, the part of the town in which the office is situated will have to be added to the jurisdiction of the Sub-registrar, as Section 7 of the Registration Act seems to require that a Sub-office should be situated within the limits of the sub-district. It is accordingly proposed to transfer the 4th Ward of the Trichinopoly Municipality, in which the number of documents registered amounts to about 300. The number of documents registered in the Registrar's office and Sub-registrars' office would be as follows, when the transfer is effected.

1889-90

	No of Reg ^{ns}	Receipts
Registrar's office Trichinopoly	3418	6608
Subtract - 4 th Ward of the Municipality	300	400
	3118	6208
Sub-registrars' office	1930	3054
Add 4 th Ward Trichinopoly Municipality	300	400
	2230	3454

The

2162/2

The Registrar would still have over 3000 documents to register annually.

5. I have the honor to request the sanction of Government to the above proposals. If they are approved I shall submit the usual draft notification for publication in the Fort St. George and District Gazette.

Order dated 21st July 1890, No 1205.

The proposals of the Inspector General are approved.
