Dated 17th July 1890.

Sir,

With reference to your No. 86 V.Z. dated 19th June 90 herewith returned, I have the honor to report that no expenditure was incurred in this Division on Samara Chervoo Tank in the Siripuram Estate in 1887-88, nor were any funds placed at our disposal for the said work in that year. The statement that Rs. 3075 were allotted for expenditure in 1887-88 by this Division and remained unspent must be a mistake –

2. In August 86 a sum of Rs. 136 was granted for survey operations in connection with the improvements of the said tank, but this amount was not expended as the work was done

done by Penkara sastry assisted by village servants.

3. In 1888-89, Rs. 2500 were allotted for the construction of an Anicut across the Paradhigedda and for the improvements of the said tank; estimates amounting to Rs. 2320 were submitted first for the tank improvements, but were not sanctioned, the Revenue Department stating that they could not be carried out by the agency under the Revenue Department cheaper and what they wanted was an Estimate for an Anicut across the Paradhigedda. This Estimate was submitted on the 4th March 1889 but no orders have yet been passed for execution.
