With reference to the
Huis remarks on the

To the
The Huis is not
sufficiently
likely to approve the
proposed to postpone
the minor works in Cong.
Architect division until
funds become available.

The current year's
grant for Provincial works
is $28\frac{1}{2}$ lakhs or $5\frac{1}{2}$
lakhs in excess of the
grant for the previous
year, namely 8 lakhs
in excess of the outlay
in 1885-86. There is no
money in reserve at
present. Rent surrenders
are certain to fall in
before long. The CA.

may
therefore be safely
promised an addl Rs
12,000. The C.A. total
grant under Provincial
is about 9 lakhs. He
will probably be able
to find Rs 12,000 by
re-appropriation.
It would not
seem necessary
to ask the Finance
Dept. for additional
funds at present.

Note with reference to
draft order on current
No 7088 - 218

It does not seem
desirable to postpone
the minor works in the
Consy. Architect's division
until funds become
available.

The current year's
grant for Provincial works
is 28 1/2 lakhs, or 5 1/2 lakhs
in excess of the grant for
the previous year, namely
8 lakhs in excess of the
outlay in 1888-89. There
is no money in reserve
at present, but surpluses
are certain to fall in
before long. The Consy.
Architect may therefore
be safely promised an
additional Rs 12,000 if
necessary, but as his
total grant is about
9 lakhs.

On 140. viii
11.5. viii

9 lakhs, he will probably
be able to find Rs 12,000
by reappropriation.

It does not seem
necessary or advisable
to ask the Financial
Dept. for additional
funds just now.
