GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

Read—the following papers :—

G.O., dated 4th November 1889, No. 7080, Revenue.

Read—again G.O., dated 28th October 1889, No. 6905, forwarding to the Commissioner of Salt, Abkári and Separate Revenue for remarks memorandum from the Public Works Department, dated 18th October 1889, No. 4747 C, inquiring whether a subordinate of the Salt Department can be deputed to supervise the repairs to the factory bund at Vayalur under the guidance of the Executive Engineer.

Read—also the following Proceedings of the Board of Revenue (Separate Revenue), dated 31st October 1889, Mis. No. 3750, on endorsement of Government, Revenue Department, dated 28th October 1889, No. 6905.

Resolution—dated 31st October 1889, Mis. No. 3750.

The Board beg to report that there will be no difficulty in providing an officer to supervise the repairs to the Vayalur bund under the guidance of the Executive Engineer. Either the Inspector or one of the Assistant Inspectors of the Ennore Circle can attend at the work daily for the present.

2. In his letter No. 4510, dated 12th October 1889, the Superintending Engineer, V Circle, requested that the amount of the estimate, Rs. 7,416, together with the percentage charges of Rs. 1,816 at 24½ per cent. on account of establishment, &c., should be placed at the disposal of the Public Works Department. Now that the Salt Department have been called upon to depute an officer for the supervision of the work, this latter amount, or the greater portion of it at least, should not be charged to the work.

Order—dated 4th November 1889, No. 7080, Revenue.

Communicated to the Public Works Department.

2. It will be considered in the Public Works Department whether, for the reason stated by the Board, the percentage charges on account of establishment, &c., cannot be reduced.

G.O., dated 12th November 1889, No. 7262, Revenue.

Read—again G.O., dated November 1889, No. 3094, Public Works.

Read—also the following Proceedings of the Board of Revenue (Separate Revenue), dated 28th October 1889, Mis. No. 3740, on G.O., dated 16th October 1889, No. 6674, Revenue.

Resolution—dated 28th October 1889, Mis. No. 3740.

The Board beg to report that the plans and estimates referred to in para. 2 of the Government Order were submitted to Government with Board's Proceedings, dated 14th October 1889, Mis No. 3602.

2. From an estimate received from the Superintending Engineer, V Circle, the Board observe that the repairs to the Vayalur bund referred to in para. 3 of the Government Order are likely to be completed before the setting in of the north-east monsoon. A provision of Rs. 9,500 has accordingly been made for the work in the revised estimate of the current year submitted with Board's Proceedings, dated 16th October 1889, No. 387, Press. As the amount of the estimate is so large, the Board suggest that it be recovered from the licensees in five equal annual instalments in the shape of a cess upon the salt sold.

Order—dated 12th November 1889, No. 7262, Revenue.

The Board of Revenue will expedite the submission of the estimate.

2 The Public Works Department will be informed that the necessary funds can be provided from the budget allotment of the Salt Department, and that orders have already been passed upon the question of deputing a Salt officer to supervise the repairs—(*vide* G.O., dated 4th November 1889, No. 7080).

3. It is observed that the remarks of the Superintending Engineer regarding the time within which the repairs may be expected to be finished do not agree with what is stated in para. 2 of Board's Proceedings, dated 28th October 1889, No. 3740.

4. The proposal in para. 3 of Board's Proceedings, dated 28th October 1889, No. 3740, is approved.

Read—the following extract from the Proceedings of the Board of Revenue (Separate Revenue), dated 3rd December 1889, No. 433, communicating Government Order sanctioning the original estimates for constructing platforms at the factories of the Ennore and Covelong Circles, and directing that no effort should be spared to have them completed in time for storage next season.

Para. 5. With reference to Board's Proceedings, Mis. No. 3750, dated 31st October 1889, it will be impossible now to provide for the supervision of the construction of the Vayalur bund as the whole of the superior establishment will be required to look after the works now about to be executed in the factories. The assent given in those proceedings to the proposal of the Department of Public Works must therefore be considered withdrawn.

Order—dated 13th December 1889, No. 8057, Revenue.

Office note from Superintending Engineer, V Circle, dated 17th December 1889, No. 6120.

The estimate of Rs. 7,416 for the Vayalur Salt factory embankment was returned to me, duly countersigned, with Revenue Board's Proceedings, Mis. No. 3739, dated 28th October 1889, with the intimation that funds have been provided for the work in the Salt revised estimate for the current year. The work being classed as Repairs, the estimate was sanctioned by me for execution. Two-thirds of the work have been carried out, and the remainder will be finished before the close of the official year.

ORDER—dated 7th January 1890, No. 32 W., Public Works.

From the papers above recorded, it will be observed that an estimate of Rs. 7,416 has been sanctioned by the Superintending Engineer, V Circle, for repairs to the Salt factory bund at Vayalur, and that a sum of Rs. 9,500 has been provided for the work in the revised estimate of the Salt Department for the current official year.

2. Under para. 1886 of the Public Works Code the expenditure on all works carried out by the Public Works Department for other departments should be treated as final charges in the Public Works Accounts, and if not provided for in the Public Works budgets the necessary grant should be transferred from the department

concerned. As the Salt funds are classified under Imperial and as no increase to the Imperial budget grants can be sanctioned by the local Government, *vide* para. 1546 of the Public Works Code, the sanction of the Government of India will be applied for to the transfer of Rs. 9,232 as shown below from the Salt to the Public Works Department :—

	RS.
Works	7,416
Establishment and tools and plant	1,816
Total ...	9,232

3. The Superintending Engineer should obtain the sanction of Government to the estimate as there is no allotment to the V Circle under Imperial Civil Works, Salt—*vide* para. 267 (*c*) of the Public Works Code.
