GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following paper :—

Proceedings of the Government of India, Public Works Department (Account—General), dated Simla, 17th October 1889, Circular No. 12, Public Works.

Periodical Review of Returns.

Read—the following extract from the Report by the Committee on Public Works Accounts :—

“ 428. *Currency of new returns.*—The Committee is inclined to think that every new return established should be given a currency of a fixed number of years, so that at the end of this period the question of the necessity of its continuance should be forced to come up for discussion.”

Resolution—The Government of India although not prepared to lay down any fixed limit for the currency of new returns, is of opinion that a periodical review of the several returns in force in the department will produce useful results and tend to restrict the number to such as are absolutely necessary. The attention of Local Governments and Administrations is invited to this matter, with the suggestion that measures be taken to require every officer to whom returns are submitted to institute, at convenient intervals of time, an examination into the necessity for each return, and to order the discontinuance of any one which may be found to be no longer necessary.
