21/6

PROCEEDINGS OF THE MADRAS GOVERNMENT.

UNDER date the 18th Aug 1890

Read the following

From the Government of India (H.E. No 1894 G of 18. VII-90)

Ordered that the following reply be sent to the Government of India.

(H.E. No 2243 W of 18 Aug 1890)

To
The Secretary to the
Government of India, P.W.D.

Sir,

In reply to your letter No 1894 G of 18th July 1890, I am directed to forward a statement shewing the executive staff of the Madras Public Works Department.

by the entry of
two engineers for the
Perigar division instead
of the eight entered
in the statement —

forwarded with Lieut. Col.
Drake. Brockman's letter
No. 1596 W of 9th June 1890,
the remaining six required
for construction being
separately shown (under
temporary) as requested
in para 3.

2. I am to say that
it is by no means certain
whether the maintenance
of the Perigar works
will ultimately form
a separate Division
or be attached to the
Madure Division, nor
is it possible at present

2242

to form a positive
opinion upon this
point, but in either
case this maintenance
will probably require
the two officers provided
for the purpose.

3. With regard to
para 2 of your letter
under reply I am to
state that although
the old cadre provided
an Assistant Engineer
for both the Consulting
Architects and West
Coast Divisions, as a
matter of fact these
officers were rarely
present with the Divisions
in question, and were

^{so present}
not at the time of
the transfer of Military
Works to the Military
Works Department, so
that after allowing
for the transfer of the
two Assistant Engineers
referred to in the
para under reply, the
actual number of
officers in these two
Divisions remains the
same as that provided
in the old cadre.

4. It must be observed
that where the number
of Assistant Engineers
is so much less than
that of subdivisions
as is the case in the

^{22/12}
Madras Presidency,
variations in the
distribution of these
officers among the
Divisions must be frequent.
Circumstances may
make it desirable to
place a subdivision
under the charge of an
Assistant Engineer at
one time and under
a subordinate at
another, so that it is
not possible to adhere
rigidly to any scale
in which Assistant
Engineers are distributed
by Divisions.

5. With regard to
para 4 of your letter

under reply I am to
state that the provision
for absentees was
entered at 7 in order
to keep the total
down to 83, or two less
than the number allowed
before the transfer of
the Military Works as
explained in letter

No. 1596 of 15th June 1890.

N^o 2242-434

of 18.8.90.

Any insufficiency
in this provision merely
means a proportionate
reduction in the number
of Assistant Engineers
available for subdivisional
charges.

6. It is presumed that
the 9 superior officers
entered in the list

2242

forwarded in your
letter under reply
includes the special
Supt. Engineer for the
Perijar Project; without
this officer, the total
number of superior officers
is 8 and the total
staff 83 as mentioned
in the last paragraph.

S₉₀

Decided with
Statement
18/8/90

All communications
should be addressed to
the Secretary.

No. 1894 G.

GOVERNMENT OF INDIA.

PUBLIC WORKS DEPARTMENT.

GENERAL.

2242-15
4

To
The Joint Secretary to the Government
of Madras.
~~Railway Branch~~
Public Works Department.

Madras, the 18th July 1890.

Sir,

With reference to your letter
No. 1576 dated the 9th June 1890, explaining
why a reduction of only 2 Engineers has been
proposed in the Engineer Cadre, in consequence
of the transfer of Military Works to the
Public Works Department, I am directed to
forward a statement which compares the
Cadre previously sanctioned with that now
proposed and to communicate the following
remarks.

It is observed from the statement
at the previous arrangement has been con-
siderably revised and that it does not bear
the statement that one Assistant Engineer
has been transferred from the abolished divisions
the Consulting Architect, and west coast
divisions in as much as each of those
divisions had one Assistant Engineer before and
one that remains still. The numbers of Assist-
ant Engineers in other Divisions, however, it is
observed, been increased.

With regard to the Periyar Division,
Cadre sanctioned provided for 2 Engineers
the permanent staff it is observed that
now propose 8 which is considerable
excessive, it is requested that you will
be assigned to the Periyar project the perma-
nent staff necessary when the work is com-
plete and will provide for the extra staff
required for construction temporarily.

It is not understood how
has arrived at as the allowance for
absentees.

Absentees as the proper allowance for a staff
777 at 15% is 11.

2242

I have the honour to be
Sir

Your most obedient servant,

G. H. Walker

Under Secretary to the Govt.
of India
