With reference to your Memo No. 317 D dated 19th June 1890 I have the honour to forward an Estimate amounting to Rs. 19,420 for constructing a residence for the District Surgeon at Anantapur prepared by the Sub-Divisional Officer on the model of one built at Madras as he informs me. If it were built entirely of brick work the estimate might be reduced to Rs. 17,000. I do not consider the arrangements very good. The superficial area seems to me to be too much cut up into a number of small rooms. I do not consider however the total area could be reduced. Dr. Williams made a point of the residence having an upper story for sleeping rooms. It would be impossible

to reduce the rates allowed in the estimate now
that the Villaparam Guntakal railway is in
active progress through Anantapur. I agree
with the Surgeon General that it would be
far better to build a new residence for the
District Surgeon than to try and improve the
quarters originally built for an Apothecary and
if both the District Surgeon and Assistant
Surgeon are to be provided with Government
quarters new quarters would have to be built
for the latter in addition to the cost of improving
the Apothecaries quarters for the former Rs 6538
as sanctioned in G.O. No. 18144 dated 17th June 1900,
whereas it is presumed the Apothecaries quarters
will suffice for the Assistant Surgeon as they
now are.
