Sir,

In obedience to your in-
-document No. 144 of 9.12.89. I most respectfully
beg to state that after a very hard
work of about 34 years in the
Department, I find it now rather
difficult to have not less than 10
to 12 Mts a day on Channels and
Banks, and I therefore intend to
retiring myself on pension. May
that you will kindly order the ne-
-cessary preliminary application
for pension to be prepared for
verification of my service.

I also take the opportunity

Sir
 I beg to forward herewith an
 application from Mr. S. G. Theodore
 asking to be permitted to retire on Pension
 As Mr. Theodore states and as I am
 quite aware that it is impossible for
 Mr. Theodore at his age to travel up
 and down the channel to arrange
 for the fair distribution of water to
 each Village, and this is the principal
 work of the Assistant Superintendent
 and

and much depend on his prompt attendance and unbiased decision, while disputes arise along the channel and which is almost daily occurrence during the irrigation season.

2. In forwarding the papers to Government, I request you will kindly strongly recommend that Mr. Theodore's 10 years temporary service may be considered.

3. Mr. Theodore has 24 years permanent service and would (under the Rules) be entitled to half pension in one year more.

Note. His service is 21 years & 11 months up to 31st July 1900.

I have the honor to be
Yours faithfully,
G. Smith Sub. Divisional Officer.

1 Original application

With reference to your endorsement No. 1391 dated 24th June 1890 on G.O. No. 1703 dated 18th June 1890. I have the honor to forward copy of Sub. Divisional Officer - Virdhachellum No. 791 of 9th July 1890, and Superintendent Mr. Theodore's application in original, requesting that he may be permitted to retire from the Service.

Mr. Theodore though declared to be physically fit by the District Surgeon for further service for one year himself admits that he finds it rather difficult to travel not less than 10 to 12 miles a day on

on channel banks. He cannot therefore be considered efficient for the work that is usually required of Superintendents.

He has a service of about 21 years and 11 months up to 31st July 1890 and will be eligible for a pension of 12-4-0 a month. but he has also a temporary service of 10 years and I hope that Government to whom Mr Theodore has already memorialized on the subject.

* Vide my letter No. 112 dated 6th March 1890. The memorial will see their way to allowing this service ^{will be again} submitted with to count so that he may draw Rs 17-8-0 ^{his pension} application to which he would be entitled on completion of the usual 25 years service.

I have &c
