Sir.

I beg to bring the following
circumstances to your favourable con-
sideration with a request that you
will kindly give the necessary support
on the subject.

In obedience to your true copy
of letter No 141 G.D. dated 11 April 1884
I managed to procure a house in
the vicinity of the Hospital, but
the owner now orders me to vacate
the house as soon as possible. This
puts me to a great inconvenience
of getting another one, as there are
no houses available in the vicinity
of the Hospital; in fact every house
in the village is occupied with two
or more families, so I think it
would not be out of place to
mention

mention that a Public building
is very necessary for the accommodation
of the Medical Subordinates attached
to the D.H.W. here.

5166

I therefore beg that you will
kindly take a special interest
in representing the matter to
Government with your recommendations
for the erection of a Public quarters
either in the Hospital Compound
or in its vicinity so that a medical
man's services may be conveniently
rendered at any time during the
day or night.

Sir.

With reference to the Eastern
Division Executive Engineers No 230 & with
your endorsement No 889 & D. respectively
dated 26th and 29 June 1885 I beg to
state that I was of opinion the quarters
occupied by me will be free of rent
as

2281x
x

As in the case of several Hospital
Assistants in the District and elsewhere
whose duties compel them to live in
or adjacent to the Hospital they may
be attached to in support of which
the District Surgeon has issued a letter
numbered the matter in his No 208 of
29 March 1884 to your address.

2. Although there are no specified
rules allowing free quarters for Civil
Hospital Assistants, yet a provision
is made in the D.P.W. Code Chap^r VII
para 983 Rule 4 to provide residence
free of rent for officers on the ground
that their duties compel them to oc-
cupy a building. It may be dis-
puted that the residences referred
to in the above rule are not
rent free, but para 1043 rule v
of the same Chapter settles the dispute.

3. As I was compelled to live in the
vicinity of the Hospital vide your
letter No 141 & D of 11 April/84 and
also my services are so needful
(there being only one Medical Subordinate
in the Station) like those of the Physician
and Surgeons of Hospitals in the rule
above quoted I am justified in
claiming

claiming free quarters in the present instance, in the absence of any thing contrary to this. It is not a strained inference drawn from the above ruling that Hospital Assistants of the Land Branch are entitled to free quarters of which instances are not wanting. Hospital assistants of Sails, Civil Dispensary Cocanada Local Friend Dispensary Ranichandpur are allowed quarters free of rent.

Under these circumstances I earnestly beg that you will be good enough to recommend to the Chief Engineer the grant of free quarters for the Hospital Assistant in charge of the D.P.W. Dowlaishwaram.

They remain.

With reference to his letter dated the 20th July /88 No 26 the Hospital Assistant at Dowlaishwaram is informed that the rules quoted by him do not say that he is entitled to quarters free of rent. Only Military Hospital Assistants are entitled to free quarters See paras 816 and 1209 of the P.W. Code.

2. The late Superintending Engineer (Col. Montgomery) obtained the sanction of Government on the condition of paying rent Vide G.O. 2955 W of 1st December /84 and the Superintending Engineers letter printed therewith.

3. There seem to be no special grounds for the undersigned to recommend sanction of Government to the occupation of quarters by the Hospital Assistant free of

Sir.

I beg to state with reference to your memo No 1329 of 11 August 1888 that I did not say that I was entitled to quarters free of rent in my letter No 26 of 20 July 1888 Para 2 but request to peruse P. W. Code Para 983 Rule 4 where my claims under existing circumstances on the ground that my duties compel me to live and to occupy a building may be safely applied.

2. As to para 2 of your memo let Col. Montgomerie might have suggested that I was to pay rent; but the rules I am now quoting might have slipped from his memory otherwise he would not have mentioned that condition for in my letter No 40 of 16 Sept 1884 asking him to take special interest in erecting a public building for the accommodation of the Hospital Agents I did not state that I would pay rent nor make any condition to that effect. If I did that I am now bound to pay rent according to P. W. Code Para 985.

3. I further beg to state that my services
 were such as to compel me to live quite
 near to the Hospital to meet all emergencies
 whether by day or by night as as there
 being only one medical Subordinate in
 the place and on these grounds &
 necessities the Hospital office tank quarters
 were built. My claims to the House
 to be free of rent can be safely claped
 under Para 983 Rule of as many a
 Civil Hospital are allowed free
 quarters when their services are
 much needed such as Civil Dispensary
 Cochinada, Civil Hospital Rajahmundry
 Local fund hospitals Sambar & Rammer
 Chandrapur &c &c.

I therefore earnestly beg that you
 will be pleased to recommend my
 claims to the Chief Engineer with
 a view of allowing the house which
 I am now occupying free of rent.

I beg to be.

Sir.

I beg to state with reference
to your No 2739 G.D. dated 14 instant
communicating the Executive opinion
on my letter No 63 of 29 November/88
I see the Executive stands neutral
as to para 983 of the P.W. Code
but refers to para. 1039 according
to which the sanction of Government
is necessary for exemption of rent.

I have once more refer to your
kind notice that Lock Superintendents
and Lock Peons are provided
with quarters as their duties com-
pel them to live near the lock
and they pay no rent. I think
this exemption comes under
para

para 983 in the absence of any
General Regulation.

I therefore earnestly beg to request
that you will be pleased to recommend
and obtain sanction of Government
for exemption of rent of Hospital
Apothecary quarters at Dowlnesheram
on reasonable grounds laid before
you in my letter No 26 and 63

Through Executive Engineer Eastern Division

Sir,

I beg to bring to your kind notice
that in 1884 when I joined this Hospital,
Dowlaishuweram was far from improvement
in buildings than at present and therefore
I represented to the District Surgeon
who missed the subject of erecting a Public
- quarters for the use of the D. P. W. Hospital
Assistant and in reply the Super Engineer
declined to build a house under certain
rules but enjoined me to live in the vicinity
of the Hospital. Vide letter no. 141 G. D. of 11th
April/84.

2

Accordingly I managed to get a house
by chance near the Hospital and lived there
for a time and the owner ordered me to
vacate

vacate the house, whereon I represented to the
Supg. Engineer requesting him to take a special
interest for which he got the sanction of
Government to build a house for Rs. 500 on
native fashion - that is, mud and stone wall,
single wood rafters, bamboorecipers and
tiles with mud floor. After the completion
of the house I occupied it on the 19th May 1888
for which a rent of Rs. 3 was fixed and this
was increased by the Supg. Engineer with
the following remarks. "not enough for such
a building which sure too often requires
repairs. Rs. 3-8-0 will be fixed." By this I
beg to draw your kind attention - what
sort of building I am to occupy on the very
month -

3. On the 1st April 1890 the rent Rs.
3-8-0 was increased to Rs. 5 and this was
again increased to Rs. 6 according to letter
received from the Examiner P. W. Accounts
d/3rd June 190, No. 3188 in which the
Examiner claims the difference of rent
from 1st April 190 and therefore Rs. 20
was given away from my last month's pay.

2289
11
4. Considering the state of ^{the} building,
the materials that were used, the accom-
modation it affords and the inconvenience
for a family to live, all these tell upon
me and my purse than to my comfort.
^{In fact} the floor of the house was under water
during last rainy weather especially the
centre room. I represented about the repairs
of the house in August 1889 and it is now
being executed, and in the meantime I am to
remain in one room of the Hospital very
inconveniently placed and yet I am to pay
Rs. 6.

5. On receipt of the Examiner's letter
I have written to the Executive Engineer
that I am going to vacate the house shortly
as the rent of the house is too heavy for a
common building as this, for similar houses
in the village can be had for Rs. 2 or 3 a
month.

6. I once before represented to the
Supg. Engineer that I should ^{be} allowed
a house free of rent inasmuch that my
duties are so important as to compel me
to reside near the hospital as enjoined
by

by the Super Engineer in his no. 141 G. O. of
11th April 1884 also quoting para 985 which
may be a suitable authority for exempting
me from paying rent, but according to
G. O. No. 757 W. O. of 13th March 1889 herewith
attached, the Chief Engineer interpreted
the para in its neutral sense, so also
the Examiner, hence I am to pay rent
according to G. O. No. 2981 W. O. of 22nd Sep-
tember 1888. But what I now request is
why I may not be exempted from paying
rent when I am ordered to live in the
vicinity of the hospital for the exigencies
of the service. So also Civil medical
Subordinates of all the Jails and many
of the Municipalities and Local Funds
are provided with quarters free of rent
for which instances are not wanting.
If this is still to be verified a reference
to the Surgeon General with the Govt.
of Madras will settle the question; as he
is in many instances aware that Civil
Medical Subordinates are allowed free
quarters, or if my 3 letters no. 26 of 20th July 1888,
63 of 29th November 1888, and no. 8 of 30 January 1889
are

228/12
are sent to the Surgeon General with other
references I am sure the Surgeon General
will recommend for a free house.

7. I therefore most earnestly beg
to resubmit all the correspondence con-
nected with this matter for your kind
perusal so that you may be good enough
to forward the same with your recom-
mendation agreeably to para 1039 P.W. G.
and also to Examiner's no. 1089 S.E. dated
22nd December 1888 to the Chief Engineer
P.W. G. through the Surgeon General
with the Government of Madras with
a view of exempting me from paying rent.

In forwarding to you copy of letter
No. 25 dated 9th Instant from the Medical
Subordinate Dowlaishwaram objecting
to pay rent for his house, I have the honor
to explain that the Examiner has recently
decided that the rent should be increased
to Rs 6 per month. The rent was fixed
in April 1889, at Rs 5 per month, but the
Examiner has now decided that rent at
Rs 6 per month should be collected from
1st April 1889 and has requested me to
see that the difference Rs. 15 is collected
from the Medical Subordinate. The
money has been collected from him but
I think this is rather hard on him ^{to pay the increase of rent from 1st April} as I
suggest that rent at Rs 6 per month should
be collected only from the date notice

94/1/90
7587/1

was given to the Medical Subordinate
that it would be increased to Rs 6.

2. With regard to his reasons for ob-
-jecting to pay rent at all, I am aware
that Government has already decided,
in G.O No 757 dated 13 March 1889 that
he must pay rent, but now he brings to
notice that Medical Subordinates em-
ployed at Jail ~~are~~ are allowed free
quarters because they are obliged to
live close to their hospitals, and he
requests me to represent this to you with
a view to a similar concession being
sanctioned for him. Therefore I sub-
mit the papers for your orders. but I
have instructed the Executive Engineer
to continue collecting rent at Rs 6 per
month pending further orders.

The normal rent of the building calculated on the capital cost plus the estimated annual cost of repairs is Rs. 6 per mensem, and this rate should under code para 104I note at foot of rule have effect from 1st April 1889, but should Government consider that the hospital assistant is practically compelled for the convenience of his work to live in public quarters — which would appear to be the case from para 2 of the Supg.
