Sir,

ENCLOSURES.

G.O. No. 2100 W of the 2nd Augst 1890.
on the receipt of the Executive Engineer,
Tichinopolis division, on examination
summary of notes of inspection
of the Executive Engineer's office -
2. In para 4 of his notes recorded
in the G.O., the Examiner states
that on Item No 14 my report
might be awaited - I have the
honor to state that I was satisfied
with the explanation given by the
Executive Engineer, and did not
consider it necessary to say
any thing more -
3. In my letter No 6791 C of the
26th October 189, I reported that

pending sanction to the revised estimate
for alterations to the Hitting Barracks
a fresh tender from the original
Contractor had been received &
accepted and orders given to
proceed with the collection of
materials, but in your telegram

also received
50390 94-10

of the 4th November 189, this pro-
cedure was not approved, &
the Executive Engineer was therefore
at once informed that the
approval to the tender should
be considered as cancelled.

4. Subsequently when the revised
estimate was sanctioned in No
3606 of the 19th December 189, it
was found that the Contractor was
delaying to carry out the orders
of the Executive Engineer for stop of
the Contract was therefore cancelled
by that officer, and the work
was ordered to be carried out
by departmental agency, but
the former was allowed a credit
of supplying scantling of
timber and some materials
which he had ready - this con-
dition was agreed to by the

Contractor and was allowed on
his petition - there is therefore no
fear of any legal proceedings,
as stated by the Executive Engineer
in his explanation, submitted
in this office No 9370
