Proceedings of Government, dated 14th February 1889, No. 429 W., Public Works.

READ—also the following paper:—

From J. HANNAN, Esq., Superintending Engineer, II Circle, to the Chief Engineer, Public Works Department, dated 19th September 1889, No. 1361 K. S.

I have the honor to forward herewith, for your approval and sanction of Government, an estimate, amounting to Rs. 712, for the annual maintenance of the Public Works Department Printing Press at Bezvada. The amount of the estimate is the same as that sanctioned for last year in G.O., No. 2173 W. of the 17th July 1888, the scale of office establishment being the same.

2. With reference to para. 2 of G.O., No. 429 W. of the 14th February 1889, directing certain reductions in the Press establishment, &c, I have to state that the salary of pressman now employed is only Rs. 10 against Rs. 12 fixed in the above Government order. As regards the reduction in sundry charges of Rs. 36 proposed in the above Government order, I beg to state that the number of articles required being considerable, and the amount of Rs. 124 being made up of small amounts for each article, no reduction is possible. I request, therefore, that the sum of Rs. 124 usually allowed may be sanctioned.

3. As regards para. 3 of the Government order quoted in para. 2 above, requesting me to show good cause for the further upkeep of the Press, I have to state that I consider that the Press is worth keeping up, as it will facilitate work and will be a convenience in printing the forms required by the five divisions in this circle with a despatch and accuracy probably not attainable at presses not under our control. This, taken with the consideration that Government has already gone to cost of purchasing type, seems to me sufficient ground for its maintenance.

4. I send herewith a statement of proposition for Rs. 588 for the establishment required being sanctioned under temporary establishment agreeably to the instructions contained in G.O., No. 1318 W. of the 17th May 1889. The balance, viz., Rs. 124 (712—588), is to be sanctioned under office contingencies of the Kistna Eastern division, to which the Press is attached in this circle.

ORDER—dated 5th October 1889, No. 2778 W., Public Works.

The statement of establishment, amounting to Rs. 588, required for the Bezvada Printing Press during 1889-90, is sanctioned and registered as Provincial No. 40 W. of 1889-90, Establishment, Temporary. The balance, Rs. 124, of the estimate for the upkeep of the Press will be charged to office contingencies.

2. The Government considers that the reasons urged for the continued maintenance of the Printing Presses both at Bezvada and Dowlaishweram are inadequate, and directs their abolition from the 31st March 1890. The Superintending Engineers, I and II Circles, will accordingly arrange for the sale of the plant and the discharge of the establishment by that date.
